

Being a column in which the publisher just "blows off the steam."

By Willard Jones

MAKING THE MOST of our time long has been the topic of poets, orators and efficiency experts. Said another way:

The clock of life is wound but once, once, And no one has the power To tell just when the hands will stop.

At late or early hour. Now is the only time you own; Live, love, toil with a will; Place no faith in tomorrow, for The clock may then be still.

JOHN BURROUGHS writes these sage words: The longer I live the more my mind dwells upon the beauty and the wonder of the world. I hardly know which feeling leads, wonderment or admiration.

I have loved the feel of the grass under my feet, and the sound of the running streams by my side. The hum of the wind in the tree tops has always been good music to me, and the face of the fields has often comforted me more than the faces of men.

I am in love with the world; by my construction I have nestled lovingly in it. It has been home. It has been my point of outlook into the universe. I have not bruised myself against it, nor tried to use it ignobly. I have tilled its soil, I have gathered its harvests, I have waited upon its seasons, and always have I reaped what I have sown. While I delved I did not lose sight of the sky overhead. While I gathered its bread and meat for my body, I did not neglect to gather its bread and meat for my soul. I have climbed its mountains, roamed its forests, sailed its waters, crossed its deserts, felt the sting of its frosts, the oppression of its heats, the drench of its rains, the fury of its winds, and always have beauty and joy waited upon my goings and comings.

ONCE THERE LIVED in a village in Old England a boy who was considered stupid. Men found delight in offering him the choice between a three-penny bit and a penny. The lad always chose the penny.

One day a stranger asked the boy if he chose the penny because it was the large piece. The boy replied, "Naw, not that. If I took the three-penny bit, they'd quit offering it."

Those who always want the biggest for themselves usually end up by getting nothing.

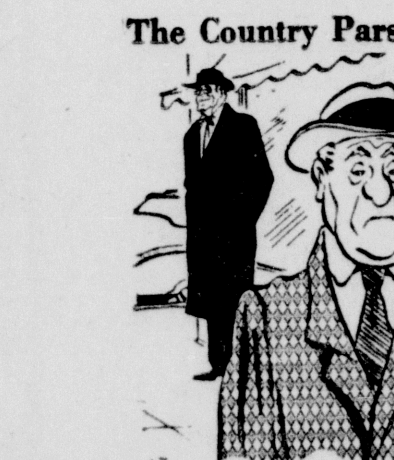

THOMAS A. EDISON said on his seventy-third birthday: I am glad that the eight-hour day had not been invented when I was a young man. I am wondering what would have happened to me by now, if 50 years ago some fluent talker had converted me to the theory of the eight-hour day, and convinced me that it was not fair to my fellow workers to put forth my mellow efforts in my work. This country would not amount to as much as it does if the young men 50 years ago had been afraid that they might earn more than they were paid.

PHILNEWS is the title of a little house organ published by the Phillips Petroleum Corporation. We pick this little gem from a recent issue:

You earn the respect of your associates by working at it; You earn it the same way you acquire friends—you work at it; The same way you save money—you work at it; The same way you keep your good health—you work at it; The same way you win happiness—you work at it.

The Country Parson

"Dignity and piety make a man look great—humility and love make him great."

"Dignity and piety make a man look great—humility and love make him great."

FIFTY YEARS OF MARRIAGE were celebrated Sunday by Mr. and Mrs. O. L. Jenkins (above), when scores of their friends and relatives called at the open house at Fairview Baptist Church, of which they have been members for many years. Their children were hosts to the house party.

Stamford Men Buy The Hamlin Herald

Sale of The Hamlin Herald to Roy Craig, publisher of The Stamford American, and son, Bob Craig, was consummated Wednesday and announced by Willard Jones, since 1946 publisher of the newspaper.

Sale of The Herald closes a newspaper career for Jones that began in 1917 when he began work as a printer's devil on The Wise County Messenger at Decatur. He became half owner of The Messenger in 1924. Selling that interest in 1927, he went to The Lufkin Daily News in 1927. Then in 1929 he and a double cousin, Jake Smyth (now of The Liberty Vindicator) bought The Snyder News. In 1931 they consolidated with The Scurry County Times of Snyder. Jones purchased Smyth's interest in 1940 to become sole owner. He sold the Snyder paper in 1950 after making it a semi-weekly two years previously, and announcing plans for publishing a daily. He sold to the Harte-Hanks interests of San Angelo and Abilene.

In 1946 Jones and his brother-in-law, H. G. Lackey, purchased The Herald. The Haskell Free-Press and The Texas Spur at Spur. June Jones, son of the present publisher and wife, operated The Herald until 1957, when the son moved to Abilene to establish a commercial printing business.

Jones for years has been active in newspaper, church and civic affairs. At Snyder he was a member of the City Council, president of the Lions Club and zone chairman, Sunday School superintendent and musical director of the First Baptist Church. At Hamlin he has continued his church and civic activities, having been mayor of Hamlin, Lions Club president, West Texas Chamber of Commerce director and Board of Community Development. He is a deacon in the First Baptist Church, where he also had been Sunday School superintendent.

Hamlin Jaycees Go to Cisco Charter Banquet

Five members of the newly organized Junior Chamber of Commerce went last Friday evening to the charter night banquet of the Cisco Jaycee organization.

Representing the Hamlin Jaycees at the affair, which was attended by scores of Jaycees from over Central West Texas, were W. L. Moran, Charles Absher, Max Murrell, Jerry Howard and Aubrey Haught.

Slate of Officers for Junior Chamber Of Commerce Completed Thursday

Hamlin Junior Chamber of Commerce, temporarily organized on April 17, perfected its organization last Thursday evening with the election of the remaining slate of officers and directors for the ensuing year.

Jerry Howard, personnel director at the Celotex Corporation plant at Hamlin, had previously been named president. Joe Ford, bank employee, had been named secretary-treasurer.

Elected Thursday evening to serve with Howard and Ford were: Charles Absher, first vice president; Max Murrell, second vice president; and Dr. James Harrison, state director. Directors elected were Boots Gordon, D. C. Andrews and Neil Laminack.

The president appointed W. L. Moran as chairman of a committee to make plans for the forthcoming charter night banquet.

Jaycees voted to meet each Tuesday evening at 6:30 at the high school cafeteria.

More than 25 members already have been signed for the new civic organization, reports President Howard.

Seniors Ready for Play Presentation Friday Evening

Advance ticket sales to the annual play of the senior class of Hamlin High School, scheduled for presentation tomorrow (Friday) night at 7:30 o'clock, have been good, say officials of the class. Rehearsals indicate that a good presentation is in store.

Sixteen members of the class are in the three-act comedy, entitled "Cheaper by the Dozen."

Ernestine and Frank (Cynthia Patterson and Butch Stevens) remember scenes from their childhood. The plot revolves around Mr. Gilbreth (Danny McCurdy), who tries to make his family more efficient when he learns that he hasn't long to live. Mrs. Gilbreth (Kay Millern) uses quiet psychology to gain rights for the fun-loving children. The family finally reaches a deep understanding before the father leaves for a world conference, never to return.

Other members of the cast include Carolyn Nunley, Carol J. Simpson, Dwight Griggs, Victor Criswell, Ann Richey, Joyce Gray, Judith Ford, Phyllis Hollis, Ronny Fleckenstein, Charles Scott, Iona Seaton and Sam Macx Hodges.

Peggy Dodd is student director, being assisted by Patricia Bigham. Rebecca Ferguson, Delores Killian and Lana Lancaster will be make-up artists.

Barbara Cheshier is in charge of reserve seat tickets. Pat Bigham is in charge of girls' general admission tickets, and Richard Winegeart is in charge of boys'. Property and sound effects man is Ken Prewitt. Lynn Wright will run the spotlight. On the stage crew are Ken Prewitt, Otha Ray Brown, Junior Lee, Tommy Bonds, Tobe Shields, Lynn Wright, Richard Winegeart, Ronnie Fleckenstein, George Boren, Sam Hodges, Frances Smart, Betty Galloway, Sharon Sims and Delores Killian. Publicity chairman are Betty Galloway and Sharon Sims, assisted by Frances Smart, Ann Maberry, Delores Killian, Barbara Cheshier, Lana Lancaster, Rebecca Ferguson, Cherry Pritchard, Billy Hallmark, Lynn Wright and Billy Perryman.

NEW OFFICERS AND DIRECTORS for the recently organized Junior Chamber of Commerce in Hamlin were added last Thursday at the first formal meeting of the civic group. At a previous meeting Jerry Howard was elected president, and Joe Ford secretary. Named at last Thursday evening's meeting were the following, reading from left to right: Max Murrell, second vice president; Charles Absher, first vice president; D. C. Andrews, director; Dr. James Harrison, state director; Neil Laminack and Boots Gordon, directors.

Clean Slate for City Council to Be Named Tuesday

Although no heated issues are involved in the school trustee and city elections Saturday and Tuesday respectively, good turn-out of voters is expected to be recorded in both elections, according to talk on the streets of Hamlin this week.

Competition developed shortly before the filing deadline in the city election. However, it was sort of accidental, inasmuch as several interested citizen groups were afraid that nobody would file for the vital positions on the City Council. John V. Howard Jr., completing his first year as alderman on a two-year term, resigned to become a candidate for mayor at the urging of friends. Joe Hudspeeth, completing a two-year term, seeks the one-year unexpired term of Howard. James D. Josey, also completing his first two-year term, is seeking reelection. Others filing for places on the council are Herbert L. Hopper, barber; C. L. Howard, druggist; George E. Campbell, auditor; Hollis W. Madden, gin manager and farmer; and John D. Ferguson, rancher and cattleman.

Since the resignations and other circumstances, the rotation of expiration of offices on the City Council has become unbalanced, a plan to get the six offices, expiring three each year has been passed by the council. Aldermen receiving the two highest votes in Tuesday's election and the mayor will serve two years; two candidates receiving the next two highest votes, along with the one-year nominee, will serve one year.

City polls next Tuesday will be open from 8:00 a. m. till 7:00 p. m. Mrs. Brad Rowland will be election judge, with Mmes. C. C. Prater and A. A. Hackley acting as clerks.

In the election Saturday to name three members to the board of education for Hamlin Independent School District, no opposition to reelection of Eddie Jay, Dr. M. L. Smith and Bill Harbert developed for the ticket. Hold-over trustees are Fred B. Moore Jr., Richard Young, W. C. Eoff and Revis Robertson.

Voting in the trustee election Saturday will be at Hamlin High School. Polls will be open from 8:00 a. m. till 7:00 p. m. Harold Williams will be election judge, and will be assisted by Mmes. Brad Rowland and C. C. Prater as clerks.

Order of Names on County Ballots Drawn by Committee

Tag Day Slated by Hamlin Forum for Benefit of Library

Hamlin Woman's Forum will observe National Library Week with Tag Day for the Harden Memorial Library and a newcomer's coffee, Forum officials announced this week. Library Week is from April 3 through April 9.

Tag Day will be held Wednesday, April 6, on the Farmers & Merchants National Bank corner from 9:00 till 11:30 a. m. and at Piggly Wiggly store corner from 3:00 until 5:00 p. m.

The newcomer's coffee will be held at the Primary School cafeteria Saturday morning, April 9, from 10:00 until 11:00 o'clock.

Forum committees in charge of these events are: Mrs. Tate May, Mrs. Zelma Hulise and Mrs. Phil Smith, library committee; Mrs. W. T. Johnson, Mrs. L. C. Bonds, Mrs. Sol Branscum and Mrs. Willard Jones, finance; Mrs. E. D. Perrin, Mrs. L. H. McBride, Mrs. J. E. McCoy and Mrs. Jack Vaughan, community service.

RETIRING from the newspaper business after 43 years, Willard Jones (above) Wednesday announced sale of The Hamlin Herald to Roy Craig, publisher of The Stamford American, and son, Bob Craig. Bob and wife will move to Hamlin and assume operation of The Herald.

Absentee Voting To Start April 17 For Over 4,000

Order of names for the ballot of the forthcoming May 7 primary in Jones County were drawn last week, and the ballots will be prepared within a few days, it was announced by Bland Harper of Anson, chairman of the Jones County Democratic committee.

Although the order of the ticket generally is not accepted as one candidate having an advantage over his opponent, some may deem the first position as desirable.

Order of the state candidates had not been determined, but the district, county and precinct candidates will appear on the ballot in the following order:

For Representative in Congress—Roy Skaggs of Abilene, Omar Burleson of Anson and M. (Bob) Wagstaff of Abilene.

For State Representative—Keith Wheatley and Leon Thurman.

For Tax Assessor-Collector—A. J. French, L. B. McNeil Jr., Larry L. Holmes and Mrs. Charles Scott.

For Sheriff—Bill Longley and Dave Reeves.

For County Commissioner, Precinct No. 1—Johnnie Agnew and Burnia Reid Jr.

For County Commissioner, Precinct No. 3—Lem Ruark and George Young.

Absentee voting starts April 17 for the first primary. As stated before in The Herald, 4,283, plus 133 "under" exemptions, will be eligible to cast a ballot. The number of "over" exemption are not included in the total.

Hamlin Bandsters Make Fine Record At Abilene Event

Ten from Hamlin High School and six from Junior High School won first division honors Saturday at McMurry College in Abilene. The event was the annual regional solo and ensemble competition sponsored by the University Interscholastic League.

Those winning firsts from Junior high were: Jackie Townley, clarinet solo; Diane Bond, cornet solo; Ronnie Sipe, tuba solo; Lynn Ray Sturrock, tuba solo; Mary Margaret Turner, saxophone solo; and Gary Ted Jay, cornet solo.

From the high school band the firsts were as follows: Lana Lancaster, Ray Johnson, Ann Richey and Thomas Fernandez, saxophone quartet; Joyce Bingham, clarinet solo; Thelma McClung, French horn solo; Lloyd Boren, tuba solo; Joe Rabjohn, baritone solo; Sunny Teague, bass clarinet solo; and Mary Smith, bass clarinet solo.

Event-wise there were 13 first divisions, 24 second divisions, eight third divisions, two fourth divisions and one fifth division.

There were 55 students who participated from the Hamlin schools this year. This is a wonderful representation, declares Director Tim Jones, and something for every parent of the participants to be proud of.

GOVERNOR DANIEL PROCLAIMS TEXAS INDUSTRIAL WEEK

By resolution of the Legislature, the week of April 1-7 is observed each year as Texas Industrial Week.

Texas has long recognized the value to its citizens of proper industrial development, which provides new opportunities for our people and at the same time contributes to general prosperity and national progress.

The Texas Industrial Commission, local and regional Chambers of Commerce and private industrial and business organizations are working continuously to bring new industry and manufacturing to Texas communities.

Manufacturing is today one of the most rapidly expanding sources of income for our state. By maintaining a favorable climate for industrial growth, Texas has encouraged the creation of more jobs, more markets, more demand for goods, and greater economic health.

It is important that Texans understand and cooperate in the action which is necessary to perpetuate this climate of development and economic advancement. One means of achieving this is to set aside a specific period for discussion and study of our state's industrial activity, economic potential, and prospect of growth and development, and for the promotion and display by Texas merchants of the products manufactured in our state.

Therefore, I, as governor of Texas, do hereby designate the week of April 1-7, 1960, as

TEXAS INDUSTRIAL WEEK IN TEXAS

and urge recognition and understanding of Texas' position as a rapidly developing industrial state, and the need for continued progress in this field.

In official recognition whereof, I hereby affix my signature this 16th day of February, 1960.

PRICE DANIEL
Governor of Texas

(Seal)

Gordon Bennett to Be Speaker at HHS Close

Acceptance by Gordon Bennett, president of McMurry College at Abilene, as commencement speaker at Hamlin High School on Thursday evening, May 19, has been received, it is announced by Superintendent of Schools C. F. Cook.

Bennett, former superintendent of the Hamlin schools and business man here, is well known

Who's New This Week

Three new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. A boy and two girls, they are:

A boy for Mr. and Mrs. L. D. McMahon of Wichita Falls arrived March 19. Weighing seven pounds seven ounces, he was labeled Lowell Brad.

A girl was born to Mr. and Mrs. Alvin Conner on March 19. After having her weight checked a eight pounds four ounces, she accepted Ruby Jo for a name.

A girl arrived for Mr. and Mrs. Raymond Morales on March 24. Tipping the scales at seven pounds four ounces, she was named Estella.

46 Additions Result of First Baptist Revival

Eight-day revival meeting that closed Sunday evening at the First Baptist Church resulted in 46 additions to the church—26 by profession of faith and 20 by letter, according to church officials. Some 151 rededications also were recorded.

The new pastor, Rev. Lenard A. Hartley, did the preaching for the series of services, and Lyndall Bingham of Spur directed the music. Regular musical director of the church, Tommy Mosley, senior student at Hardin-Simmons University, was in charge of music and work with the juniors in the evenings.

RECALLING Other Years

★ Being news items taken from old files of Your Home Town Newspaper The Herald.

FORTY YEARS AGO

Scanning the old files of The Hamlin Herald, we find the following items of interest, taken from the issue of April 2, 1920:

Mrs. W. H. Gilbert has sold her residence just south of Mayor Turner to Hibbs Milsap.

C. L. Ezell of Ranger and W. R. Ezell of El Paso were here last week to visit their brothers, J. W. and Lewis Ezell.

Mr. and Mrs. G. H. Bender of De Leon were here this week as guests of Mr. and Mrs. L. A. Ballard.

Theda Baga is featured at the Opera House in a picture entitled "The Lure of Ambition."

W. F. Johnson returned with his family this week to make their home in Hamlin. They purchased Prock residence in North Hamlin. They had been living recently at Lamesa.

George L. Rhea, who has been with the Texas Cement Plaster Company here as sack inspector, left Saturday with his family for Dallas where they will make their home.

THIRTY YEARS AGO

Among news items of interest in the Hamlin community three decades ago were the following, reprinted from the issue of The Hamlin Herald dated April 3, 1930:

Claude Gray and Martin McCain made a business trip to New Mexico points last week.

Mr. and Mrs. A. B. Carlton are happy over the arrival of a little girl at their Monday morning at 3:00 o'clock. They have christened the little miss Diane.

Piggly Wiggly advertises the following prices: Sugar, 25 pounds for \$1.39; Prince Albert smoking tobacco, 10 cents can; potted meat, six tins for 25 cents.

R. Y. Barrow was elected mayor of Hamlin in voting Tuesday, defeating Dr. J. P. McCrary by a vote count of 278 to 187. Elected aldermen were B. L. Jones, Martin McCain and J. W. Ezell. Hold-over councilmen are D. C. Gibson and Fred B. Moore.

Elmer Feagan, W. T. Cherry and Guy Wilson were elected new school trustees for the Hamlin School District in voting Saturday. Hold-over trustees are Billie Bryant, Grogan Turner, R. H. Gardner and Robert S. Johnson.

TWENTY YEARS AGO

Taken from the early files of The Hamlin Herald are the following news briefs of a score of years ago, reprinted from the issue of March 30, 1940:

Mrs. John C. Turner received a message Wednesday afternoon that her youngest brother, Bobbie Phillips, 19, had died at Bonham. He had visited here a number of times.

John W. Rector, pioneer merchant at McCaulley, died Sunday after an extended illness.

Mr. and Mrs. Frank Lawlis are announcing the birth of a son, Garland Frank, on Monday, March 24, at Stamford Hospital.

Mrs. Joe Simpson and daughter, Faith, and Mrs. Lott Shell Jr. spent Easter in Georgetown visiting relatives.

TEN YEARS AGO

News briefs of interest of 10 years ago included these, taken from the issue of The Hamlin Herald dated March 31, 1950:

An 80-barrel-per-hour oil well has been brought in this week on the Joe C. Culbertson place northeast of Hamlin.

Second staging of the "Womanless Wedding" by members of the Hamlin Lions Club has been postponed indefinitely because of unexpected difficulties.

Several new members for the Hamlin Chamber of Commerce have recently been recruited in a drive being conducted by a committee headed by Edgar Duncan.

FIVE YEARS AGO

From The Hamlin Herald dated April 1, 1955, the following news briefs are reproduced:

Construction on the swimming pool at the Hamlin City Park is expected to get underway within a few days, say officials of the Hamlin Foundation, sponsor of the \$20,000 project.

Piggly Wiggly and Hamlin Funeral Home are planning new buildings soon, it was announced this week.

Little interest is being shown in two community elections slated Saturday and Tuesday. Two new city councilmen will be named in the city election Saturday, and two members of the school board will be named Tuesday.

District Internal Revenue Service Man Points to Common Errors on Returns

With income tax season in full swing, we asked A. E. Fogle Jr., administrative officer of the Abilene office, to furnish a list of the most common taxpayer errors in filing 1959 tax returns. The errors are:

(1) Many taxpayers are filing a separate Form 1040-A for each W-2 they received during the year. These taxpayers worked for several employers and do not realize that they should total their income and the tax withheld on one Form 1040-A.

(2) Many returns are being received that have not been signed. Some of these are joint returns that must be signed by both husband and wife.

(3) Errors in arithmetic. This is an old complaint and many taxpayers are failing to check their arithmetic again this year.

(4) Claiming a deduction for cigarette tax. Cigarette tax is not deductible in Texas.

(5) Claiming no exemptions for self. The taxpayer is entitled to at least one exemption. A wife cannot file a separate return and fail to claim the exemption for herself in Texas since she must split the total family income with the husband under community property law. A school child is entitled to his or her own exemption in addition to the father claiming the exemption under a special provision of the law.

(6) Failing to observe community property in Texas. Husband and wife must file a joint return or split the income under community property law in Texas. Taxpayers who move to Texas from other states find this provision hard to understand.

(7) Many taxpayers are filing a Form 1040-A or Form 1040-W when interest income of more than \$200 requires that they file a Form 1040. These taxpayers should get a Form 1040 from the nearest post office, bank or Internal Revenue Service office and file the correct form.

(8) Failure to list dependents. The names of the dependents must be listed in order to avoid delaying the refund.

(9) Taxpayers using the Form 1040-W are reversing the entries on wages and taxes withheld. The 1040-W form is printed backward from the 1040.

(10) Many 1040-As are being received showing only the taxpayer's name, the employing company or company, and the amount of tax withheld. No information on the amounts of wages received is listed. Other 1040-As are being received where taxpayers who worked for more than one employer during the year failed to

HAS COTTON EVER BEEN SOLD BY THE CARAT?

THE COTTONS OF DAKA IN INDIA WERE SO VALUABLE THEY WERE SOLD BY THE CARAT.

total their wages, amounts, and also the amounts of tax withheld. The taxpayer must list his wages and his employers' names or Internal Revenue will have to return his tax form to correct the error.

Internal Revenue Service advises taxpayers to read the instructions carefully, check the arithmetic, make sure they sign, attach their W-2s and file early.

Hamlinites Invited to Snyder Hall Opening

City of Hamlin officials and the publisher of The Hamlin Herald and possibly other residents of Hamlin have been invited to attend the open house of the new Snyder city hall on Sunday, April 3, from 2:00 until 6:00 p. m.

Publisher Willard Jones, former long time resident of Snyder, was a member of the City Council at Snyder several years before moving to Hamlin.

Meat—cheese—egg—almost any kind of sandwich tastes new and wonderful when you use Miracle Sandwich Spread. It's made by KRAFT.

Miracle Sandwich Spread

U. S. SAVINGS BONDS HAVE DOUBLE ATTRACTION

Back in the days of World War II, the appeal was to patriotism in the selling of savings bonds—then called war bonds—to the public. Recently campaigns to step up sales of these government securities have been conducted.

It is a more attractive item the savings bond salesmen have to offer than was the case only a few weeks ago. By sanction of Congress, the interest rate on savings by bond purchases has been jacked up to a fairly respectable three and three-quarters per cent. That is one-half of one per cent more than the bonds previously drew, and it is a favorable rate in comparison with the amount of interest small savers can get elsewhere.

True, if an investor had the time, the facilities and enough ready money to make it worthwhile, he could earn more by buying some other government securities now being offered. Perhaps, if he put his mind to it, he could do the same by investing in the stocks of business or industrial corporations. But few of us have the know-how that is necessary to be successful at such things, or the time to devote to it. What most of us are looking for, if we have

the savings, is a place to invest them at maximum safety and a fair rate of return.

An investment in savings bonds is exactly as safe as the dollar—no more, no less. They are not subject to market fluctuations, like most other securities. If you say that the dollar has been steadily declining and that savings bonds offer no hedge against inflation, then reflect that buying these bonds is one of the few tangible steps the ordinary citizen can take to curb inflation. Government borrowing from banks creates "invisible greenbacks," thus furthering inflation. Borrowing from individuals doesn't, and the more dollars borrowed from the public in the form of savings bonds sales the greater is the damping effect upon inflation.

There is, then, a double appeal to self-interest in the bond sales campaign—a convenient method of saving at a more attractive rate of earning and a chance to help protect the value of all the dollars you may get. In the latter there is more than a small element of helping to safeguard the welfare and security of the country.

Voice Often Reveals

Every thought we think, good or bad, is expressed in the tone of our voice. Thinking determines the quality of speech. Happy, harmonious thoughts produce well modulated and musical tones.

There are some people who are most successful in getting things by telephone, and the secret of their success is largely in the tone of voice. If the one at the other end of the line does not like the voice, the purpose is defeated before its presentation is completed.

"Let me hear you talk," says a noted wizard, "and I will tell you what you are."

Mercy Handed Down

A shame-faced employee was summoned to the office of the senior partner to hear his doom. The least that he could expect was a blistering dismissal; he might be sent to prison for years for what he did. The old man called his name, and asked him if he was guilty. The clerk stammered that he had no defense.

"I shall not send you to prison," said the old man. "If I take you back, can I trust you?" When the surprised and broken clerk had given assurance, and was about to leave, the senior partner continued:

"You are the second man who has fallen, and been pardoned, in this business. I was the first. What you have done, I did. The mercy you have received, I received. God have mercy on both of us!"

Nuggets of Thought

Every man has two educations—that which is given to him, and the other, that which he gives himself. Of the two kinds, the latter is by far the most valuable. Indeed all that is most worthy in man, he must work out and conquer for himself. It is that, that constitutes our real and best nourishment. What we are merely taught, seldom nourishes the mind like that which we teach ourselves.—Richter.

An object in possession seldom retains the same charms which it had when it was longed for.—Pliny the Younger.

Meditation is the tongue of the soul and the language of our spirit; and our wandering thoughts in prayer are but the neglects of meditation and recessions from that duty; and according as we neglect meditation, so are our prayers imperfect, meditation being the soul of prayer and the intention of our spirit.—Jeremy Taylor

Finally Made His Point

When Michelangelo had completed his painting on the ceiling of the Sistine Chapel in Rome, he made a careful examination of the supporting walls, and was alarmed to see that they were in danger of crumbling, thus destroying his work. He appealed to the authorities to construct a series of buttresses which would shore up the walls and make them safe. But the authorities paid no attention to his requests.

Nearly a year passed, and the artist became convinced that perseverance alone was not enough. He would have to figure out some supplementary method of persuasion.

During the next few days he had his ladders brought back into the building, presumably to "retouch" parts of the painting. Working at night, he painted cracks into the picture so realistic that, when the building committee came to view the painting again, they were horrified at the result of their neglect. They immediately ordered the necessary brick reinforcements.

Anyone who has visited the Sistine Chapel will remember seeing the brick buttresses, and also the painted cracks, which are still there as a testimony to the painter's imagination.

Editorial of the Week

PREMATURE SUGGESTION

The president, in his recent state of the union message to Congress, advocated a matter for which it is highly questionable the country is at all ready.

It is his opinion to subject the United States to the jurisdiction of the International Court of Justice without the right to determine on our part whether a case lies essentially within the domestic jurisdiction.

The president was restating a recommendation contained in his previous state of the union message, and a resolution to that effect introduced at the last session of Congress is pending in this year's session.

His proposition is that the United States should lead the way in the effort to "replace force with a rule of law among nations." His belief is that other nations would follow the United States lead, and he would "urge similar acceptance of the court's jurisdiction by every member of the United Nations."

It is highly doubtful, in any event, that the United States lead would be followed. The Soviet Union would hardly follow it, and we should find ourselves committed to a proposal placing us only at a legal disadvantage.—The Fort Worth Star-Telegram.

Hamlin Region to Share in Santa Fe Improvement Plan

Hamlin territory of the Santa Fe Railway System will share in the \$100,000,000 capital expenditure program in 1960 for modernization and improvement which was announced last week by Ernest S. Marsh, president of the lines, in an annual year-end statement.

The \$100,000,000 program is larger by some \$13,000,000 than for any prior year. It compares with expenditures of approximately \$80,000,000 in 1959.

"The 1960 program divides about equally between new equipment and improvements to roadway and other facilities," Marsh stated. "It includes 227 miles of new and heavier rail of the continuous welded type; 60 new 2400-horsepower freight diesel-electric locomotive units; sizable expenditures in connection with Arizona line change projects; 50 new baggage cars; about 2,500 new freight cars, part of which are already in production schedules; construction of a new modern freight house at Kansas City, Missouri; consolidation of freight yard facilities at Brownwood, Texas; installation of microwave communications at various points; further installations of centralized traffic control and traffic reversal signaling; and other projects.

Santa Fe president said, "This program is designed to meet continuing growth of population and industry by providing modern facilities to perform an adequate and efficient service."

Market Outlook for Cotton in Good Shape Compared with Other Crops

Cotton producers of the Hamlin area and the rest of the Cotton Belt are encouraged by recent announcement of the U. S. Department of Agriculture that, for the first time since the end of World War II, foreign free world production is declining, and the market outlook for U. S. cotton is improving. It is in good shape compared with other crops.

During the current season production abroad will drop 400,000 bales. At the same time foreign free world consumption is increasing by about 1,250,000 bales.

Cotton is still the best money crop grown on an extensive scale in Texas. In 1959 cotton and cottonseed earned farmers more cash income (\$736,867,000) than all other principal crops combined (\$695,476,000). Last year cotton returned \$114.87 per harvested acre as compared with an average of only \$39.22 for all other crops.

Pension Claims May Now Be Eligible with New Income Basis

Veterans, or widow or orphans of veterans, whose previous pension claims have been disallowed because of excessive income may be eligible under the new law, the VA said today in a release to The Herald.

The present law requires that a veteran, if otherwise eligible, may receive a pension only if his income does not exceed \$1,400 if he has no dependents or \$2,700 if he is married or has a minor child.

The new pension law, which becomes effective July 1, 1960, increases this maximum to \$1,800 if no dependents and \$3,000 with dependents, and establishes a sliding or graduated scale for various income levels below these limits.

Similarly higher income limitations will be provided by the new law in the case of widows who may earn up to \$1,800 if childless or up to \$3,000 if they have dependent children. If there are children, but no widow, the child's income can reach \$1,800 annually, not including his own earnings, and he will still be eligible for pension.

Full details of income and other eligibility requirements as well as assistance in reopening claims may be obtained at any VA office.

TEXAS INDUSTRIAL WEEK
APRIL 1-7

Industry Makes Jobs

It is a well known fact that insects limit cotton production. Dr. J. C. Gaines, head of the department of entomology at A. & M. College of Texas, said:

"Results of research indicate that an adequate insect control program will, on the average, increase the crop yields by more than 40 per cent. For every timely application of insecticide made when the infestation warrants control of injurious pests, a gain of at least 80 pounds or more of seed cotton per acre may be expected. The planter should net a profit, based on average increased yields of at least \$6 for every dollar invested in his insect control program."

"The decreases in crop yields are only a part of the losses caused by insects. Many insect pests that attack cotton and reduce yields also affect and lower the quality of lint under certain conditions. Often insects have reduced the quality, resulting in a loss of as much as 10 cents per pound. In these instances, the saving in quality loss alone would have paid for the control program."

Cotton producers are reminded that, when conditions are favorable for making good yields, conditions also are favorable for build-up and damage from cotton insects. Complacency concerning the insect threat can easily prove disastrous.

Shurfine Stores Offer Scholarship on Foods

Young men working in the more than 125 Affiliated Food Stores in the West Texas area have the opportunity of applying for a special college scholarship in food distribution, according to Alfred Allston of the Lubbock headquarters of the group. Piggly Wiggly of Hamlin is an affiliated store.

The two and one-half year fully accredited scholarship to the food distribution curriculum at Western Michigan University at Kalamazoo, Michigan, is known as the Shurfine scholarship grant and is intended to provide recognition and encouragement for careers in food retailing for young men working in stores where Shurfine foods are sold.

Quarterly Dividends Declared by Celotex

Board of directors of the Celotex Corporation this week declared quarterly dividends on common and preferred stock for the quarter ending April 30, 1960, according to a release to The Herald from the Chicago headquarters of the concern.

The dividends are 50 cents a share on common stock and 25 cents a share on preferred stock, both payable April 30, 1960, to stockholders of record April 7, 1960.

Stensils of all kinds at Herald.

Elan A. Money, 61, County Employee Many Years, Dies

Funeral services for Elan Austin Money, 61-year-old county road employee for many years, who died late Sunday at Hamlin Memorial Hospital following a heart attack, were conducted Tuesday afternoon at the First Baptist Church. Rev. Lenard A. Hartley, pastor, assisted by Rev. R. A. Guthrie, and Rev. R. T. Jarrell, pastor of the Hamlin Church of the Nazarene, officiated.

Money had suffered a heart attack five days previous to his demise, and had been taken to the hospital, where his condition gradually became worse.

Born in Hunt County, Texas, on November 25, 1898, he was the son of Mr. and Mrs. N. E. Money. He moved with his family to this section in 1925. He married the former Julia Taylor at Nelinda on January 1, 1930. He had been employed by the county and by various precincts for many years. He was in the employ of County Commissioner Johnnie Agnew of Precinct No. 1 at the time of his death. He was a member of the First Baptist Church.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were U. L. Lee, W. L. Moore, M. E. Waggoner, S. W. Jones, R. S. Gilbreath, Sebe Turner, Johnnie Agnew and E. B. Fomby.

Survivors include the widow, Mrs. E. A. Money of Hamlin; four sons, E. A. Money Jr. of Dallas, George Money of Odessa, Virgil and Everett Money of Hamlin; three brothers, Lee Money of Hamlin, Ervin Money of Dallas and Troy Money of Wickett; six sisters, Mrs. S. M. Richardson of Arlington, Mrs. M. H. Coker of Oklahoma, Mrs. W. S. Harrell of Aspermont, Mrs. Vera Davis of Abilene, Mrs. Bud Minor of Hereford and Mrs. Nellie Pearl Lanier of Dallas; seven grandchildren.

Second County-Wide Program Given at Roby in Farm Series

A county-wide livestock marketing meeting was to be held last night (Wednesday) in the agriculture building on the fair grounds in Roby, according to James S. Norman, county agent.

Lloyd Bergsma, livestock marketing specialist with the Extension Service, discussed livestock outlook, seasonal variations in livestock prices and other marketing factors livestock men should know that would help them plan a more profitable cattle operation.

Tom Hunter, District 3 farm management agent, discussed a cow-calf operation versus feeder calves.

This was the second in a series of county extension meetings carrying out the recommendations of the livestock sub-committee of the Fisher County program building committee.

ACTOR ENTERTAINS YOUNG PATIENT — Movie Actor Sonny Tufts plays a snappy Western tune in the Santa Rosa Children's Hospital in San Antonio as little Rose Bates, one of the many patients who enjoyed his visit, listens attentively. The rangy actor, taking a break between the television pictures being filmed in Mexico, was in San Antonio to appear in the Pan American Horse Show, sponsored by La Prensa, the city's English and Spanish edited newspaper.

Disking for Bird Food Can Help Propagate Quail Crop in Region

Many Hamlin area farmers and ranchers are propagating their quail crops by giving them assistance through land and cover management.

Cheapest and most effective method for providing food for bob white quail is disking strips in old fields and along fence rows. Disking, says Ed Cooper, extension wildlife specialist, often is all that is necessary to get a good stand of choice quail foods, such as dove-weed and partridge peas, growing. This method of turning the soil can be done at little cost and it gives the quail food plants a chance to compete with more vigorous growing ones. An application of fertilizer, the same as used on pastures in the area, will greatly increase the food produced, says Cooper.

The disked strips should be near low-growing brush cover to give the birds protection from natural enemies while feeding. The specialist emphasizes that quail may not use the choice foods if cover is not available nearby. And, he adds, it's easier, cheaper and faster to grow food plants near cover than to develop cover plants near good food supplies.

Nowadays men don't talk about women as much as they used to. Most of today's conversation is devoted to overtime and time-and-a-half.

SELL these extra pieces of unused furniture, or rent that extra room with a fast acting, reasonably priced classified ad in The Herald.

Having a family these days is an agonizing experience, and furthermore it costs almost as much as it is worth.

The smallest actual good is better than the most magnificent promise of impossibilities.—Thomas Macaulay.

Mr. and Mrs. LaNoord Bayouth Now At Home Here After Recent Wedding

Now at home in Hamlin, where he is manager of Frank's Department Store, are Mr. and Mrs. W. A. LaNoord (Nordine) Bayouth, after an extended wedding trip.

The young couple repeated marriage vows at 3:00 p. m. March 3 in the home of the bride's parents at 2208 Dartmore Street in Brownwood.

She is the former Kay Owens, daughter of Mr. and Mrs. W. A. Owens of Brownwood, and he is the son of Mr. and Mrs. Frank Bayouth of Hamlin.

Paul Wallace, minister, officiated in front of the fireplace. The mantel was centered with an arrangement of pink gladiolas, red

caruations and pink bells in a silver dish. Red tapers in silver candelabra were on each side of the arrangement with palms flanking the fireplace.

Mrs. H. A. Forbes sang "Because" and "Whither Thou Goest." She was accompanied by Mrs. Delmon French at the organ.

The bride, given in marriage by her father, wore a gown of antique white brocade satin fashion with a scooped neckline accented in pearls and iridescent beads, three-quarter length sleeves, a Dresden bodice and bouffant skirt.

Her nose-length veil fell from a Juliet cap of pearls. She carried a white Bible topped with Phalaenopsis orchids.

Nelda Owens served her sister as maid-of-honor. Her dress was a petal pink crystal peau with a scooped neckline, bouffant skirt with a fitted cummerbund. Her headpiece was a Dior bow. She carried a bouquet of pink gardenias.

Ed Frank Bayouth of Hamlin, brother of the bridegroom, served his brother as best man.

For her daughter's wedding Mrs. Owens chose a candlelight silk shantung dress with brown accessories. The bridegroom's mother wore a Dior blue wool dress with blue accessories. Both wore cymbidium orchid corsages.

Variety of Vegetables Needed for Balanced Diet for All Families

Do you eat at least three different kinds of vegetables daily? Or are you in the habit of eating only the starchy ones like potatoes, dried beans or peas and corn? If so, you are depriving your body of some vitamins, minerals and roughage needed daily, reminds Mary Y. Newberry, Jones County home demonstration agent.

According to the Texas food standard, a recommended guide for daily foods needs, each family member should eat a serving of green or yellow vegetables, a serving of other vegetables and a serving of potatoes each day. Markets offer many varieties of these vegetables fresh, frozen or canned and they can be prepared in many different ways.

Tested recipes for many special vegetable dishes are given in B-923, "Vegetables, Selection, Care and Cooking" written by extension foods and nutrition specialists.

You can get a copy of the new bulletin from the home demonstration agent's office in Anson.

Tanda Camp Fire Girls on Skate Party

Members of the Tanda group of fifth grade Camp Fire Girls went on a skating party to Anson last Saturday. Accompanying the girls as sponsors were Mrs. Jack Wicker, Mrs. Wilson Brennon, Mrs. W. T. Johnson and Mrs. Woodrow Goodwin.

After the skating party the girls enjoyed lunch at "The Hut."

Camp Fire girls making the trip were Joy Bond, Lynn Brannon, Teresa Gabriel, Louise Lujan, Margaret Johnson, Jackie Jenkins, Rheana Sanderlin, Vickie Newland, Sue Roddy, Janet Kelly, Suzanne Wicker, Linda Goodwin, Betty Daniels, Belinda Woods and Jeanie Young.

LIVING IN HAMLIN following their recent marriage at the home of the bride's parents in Brownwood are Mr. and Mrs. LaNoord Bayouth (above). She is the former Kay Owens, daughter of Mr. and Mrs. W. A. Owens. He is the son of Mr. and Mrs. Frank Bayouth of Hamlin. He is manager of Frank's Department Store.

Pointers on Removal Of Heat or Alcohol Marks on Furniture

Heat marks or alcohol stains on wooden furniture are not easily removed. Often furniture so damaged can be restored only by refinishing. Here are a few suggestions offered by Mary Y. Newberry, Jones County home demonstration agent, for home treatment of such damage on woods:

When you spill any beverages, perfumes or medicines containing alcohol on furniture, wipe up the liquid immediately before it has time to penetrate into the finish. If the liquid goes completely through the finish, there is only one remedy—a spot refinishing job temporarily and a complete refinishing job later. For temporary protection, polish with wax, using a colored wax for dark woods. If this is not effective, mix powdered pumice and oil into a creamy paste and apply it to the stain, rubbing with the grain of the wood, then polish with a clean soft cloth. Try treating burns the same way—first trying wax, then the pumice and oil mixture. When penetration is not too deep, heat marks may be eliminated by light stroking with a cloth moistened in camphorated oil, followed by buffing with a clean cloth. Water rings may respond to waxing or to treatment with camphorated oil.

PERFECT TIMING

A year—Navy pilot ended his first cross country flight and was coming down for a landing. He awkwardly plopped his aircraft down, bounced into the air, then finally settled on the runway for good.

This comical demonstration apparently didn't embarrass the pilot, for he breezily called the control tower requesting his time of arrival.

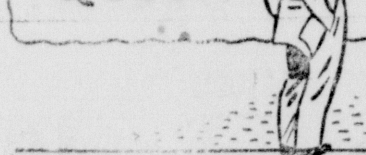

"Roger," the man answered. "We have you on at 0711, at 0712 and at 0712½."

SOME DIFFERENT.

Rae—"What is the only thing in Noah's ark that didn't come in pairs?"
Mae—"I don't know. What?"
Rae—"Worms. They came in apples."

Xi Gamma Pi Group Studies Religions of World at Gathering

Members of Xi Gamma Pi chapter of Beta Sigma Phi met last Thursday with Mrs. Bill Feagan as hostess. During the business session members volunteered to help distribute Easter seals from 6:00 to 8:00 p. m. on Tuesday, April 5. The fire siren will be sounded as a signal for the workers to begin. Members will cooperate with Beta Theta chapter in selling Easter lilies on Saturday, April 9, in the business section. Funds raised on both projects will be sent to West Texas Rehabilitation Center in Abilene.

Mrs. John C. Bryant presented an informative program on "The Great Beliefs" during which she gave a brief summary of the best known religious beliefs of the world.

The hostess served refreshments to the following members: Mmes. George Poe, W. T. Johnson, Gerald Young, Weldon Griggs, Jerry Waggoner, E. D. Perrin, E. J. Hawkins, Jim Ballard, Arlie Cassle, M. L. Smith and John C. Bryant.

Next meeting of the chapter will be on April 21 with Mrs. Jerry Waggoner as hostess.

Alathea SS Class Meets in Brannon Home for Bible Study

Members of the Alathea Sunday School Class of the First Baptist Church met for a regular business meeting and Bible study in the home of Mrs. Wilson Brannon Tuesday morning.

The books of Obadiah and Jonah were studied. Mrs. Tate May, the teacher, pointed out that, in teaching, the key thought in Jonah was not the incident of the whale but the repentance of Nineveh and the forgiveness of God in not destroying the city as promised.

Refreshments were served to Mmes. Tate May, W. O. Wilbanks, John Hix, Ester Hastings, Garland Preston, Gene Prewitt, J. D. Kitchen, Robert Fowler, C. R. Lovell, Carl Green, Cecil Sellers and the hostess.

Scores of Friends and Relatives Help O. L. Jenkins Celebrate Anniversary

Mr. and Mrs. O. L. Jenkins, pioneers of the area southeast of Hamlin, were honored on their fiftieth wedding anniversary at a reception Sunday afternoon at the Fairview Baptist Church, where they both have been active members since before their marriage.

Hosting the occasion were their children and families—Mr. and Mrs. Alvis Bond, Mike Diane and Marshall of Hamlin; Rev. and Mrs. John Jenkins, Jimmy, Jarrell and Jana of Lubbock; Mr. and Mrs. Earl Kiser of Stamford; Mr. and Mrs. Ernest Jenkins, Gloria and Judy of Hamlin; and May Gay of Hamlin, a sister of Mrs. Jenkins. One daughter, Mrs. W. A. Norris, and family of Whitesboro, could not be present because of illness.

About 200 friends and relatives of Mr. and Mrs. Jenkins attended and enjoyed fellowship, many

Methodist Women of Cotten Circle Meet in G.W. Nunley Home

Members of the Cotten Circle of the Woman's Society of Christian Service of the First Methodist Church met in the home of Mrs. G. W. Nunley with seven members present.

Ella Temple opened the meeting with prayer. Chairman Mrs. W. B. Cotten presided over the business session. The secretary read the minutes of the last meeting, and the treasurer gave her report.

Mrs. Phil Smith was the leader for the program. Mrs. Ed Bailey read the scripture. Mrs. Phil Smith read an article on "Open Our Eyes That We May See." The scripture was from Psalms, Matthew and Corinthians.

Next meeting will be with Ella Temple on April 23 at 3:00 p. m.

People who can afford to gamble don't need money, and those who need money can't afford to gamble.

PROOF OF THE KILL.

"Yes," asserted the big game hunter at a cocktail party, "I used to shoot tigers in Africa."

One of his listeners protested, "But there are no tigers on that continent."

"Of course not," glibly answered the hunter, "I shot them all."

If you look like your passport photo—you need the trip.

Lone Star State Destined to See Even Further Population Gains in Future

Although Hamlin area has experienced a steady and consistent growth along with much of the rest of Texas during the past several years, the Lone Star State is scheduled to witness even further gains during the coming few years.

Texas has a lot of space, but if the demographers are right, Texans are going to have to scrounge over in the next few

years in order to make room for more Texans.

The demographers, or population experts, say that every 10 to 12 years two more Houston sized cities could be built if all the new people in Texas were grouped together. Since 1940, Texas has absorbed populations equal to the total of Oklahoma and Delaware combined.

The forecasts are for population totals of 12,100,000 by 1975 and 18,000,000 to 20,000,000 by 2000, nearly three times the 1950 population. Growth in Texas population is more than 200,000 a year.

What makes Texas grow? Partly it is due to longer lives through medical science and better living conditions. Partly it is due to more births. Partly it is due to more people moving to Texas from other states, with Oklahoma, Arkansas and Louisiana providing the bulk of the new residents.

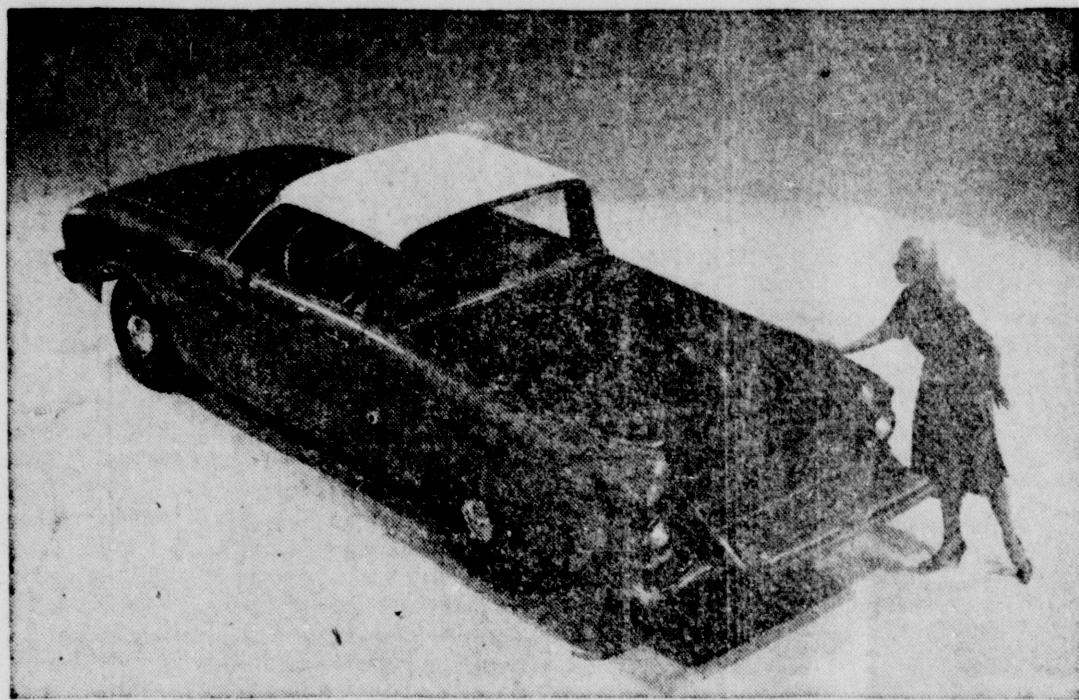

Since the 1950 census, there have been four births in Texas for every death, and one new resident for every two deaths. One-seventh of the population growth has been in immigration from other states and nations.

H. S. FitzGerald to Be Stamford School Head

Many Hamlin area people are interested in the naming last week of H. S. (Gob) FitzGerald, superintendent of the East Chambers School at Winnie, near Houston, as superintendent of Stamford Schools.

He succeeds L. W. Johnson, who recently resigned. FitzGerald will assume his duties at Stamford this summer.

One of 35 applicants for the Stamford post, FitzGerald, 50, had previously been at Lamesa, Seminole and McCamey schools.

NEW FALCON RANCHERO. Ford Motor Company's first economy size truck to be produced by a major United States automobile manufacturer, features a six-foot box, up to 50 per cent greater fuel economy and the high styling and smoothness of ride normally found only in a regular passenger vehicle. The Falcon Ranchero is America's lowest priced pick-up truck with turn indicators and oil filter as standard equipment. It is on display at Connally Ford Sales in Hamlin.

Falcon Ranchero Offers New Era in Truck Industry

Ford's Falcon Ranchero will open a new era in American truck design to lead the industry in developing more specialized trucks to meet individual job needs, William Clay Ford, Ford Motor Company vice president, product planning and styling, said this week.

Speaking at an advanced showing of the Falcon Ranchero, Ford said that shifts in population, relocation of industrial and merchandising facilities, and changes in distribution methods require more specialized trucks.

"These continuing changes will influence truck manufacturers to offer more imaginative new design concepts with broader power selection during the next decade than ever have been available," he said.

"Last year, Ford division was the largest single producer of trucks. This year, excluding this new Falcon Ranchero, it will offer commercial users 33 models in five series—standard, tilt-cabs, tandems, bus chassis and panels—with 483 different combinations of engines, axles and transmissions, to permit greater specialization.

"We are working on a gas turbine engine that we expect will have commercial application. We have designed a Levacar to travel at extremely high speeds on a thin film of air, guided by rails. This, too, may have commercial application.

"In the years ahead other designs will depart even more radically from trucking as we know it today."

Red Cross Sponsors Services Training

Since the beginning of Red Cross safety services in 1910, 50 years ago, the types of training and numbers of person participating has changed constantly. According to Frederic S. Laise of St. Louis, Missouri, last year 133,820 residents of Texas received some kind of Red Cross safety instruction, including proper use of boats and motors, as well as the more familiar training in first aid, swimming and life saving techniques. Laise is manager of midwestern office of the American Red Cross.

In Texas there are over 7,000 volunteer instructors authorized to conduct various courses.

TEXANS IN WASHINGTON

By Tex Easley, AP Washington Correspondent

Washington.—Federal tax collections in Texas during the year ended June 30 amounted to some \$2,286,478,000, which was about \$14,500,000 less than in the preceding year.

The drop, the Internal Revenue Service said, paralleled that for the nation as a whole, and reflected the general business slump which occurred in 1957-58. Total collections for the U. S. in fiscal 1959 was \$79,797,973,000, which IRS said was a drop of \$180,000,000 from the previous year.

Actually, while Texas corporations were paying in less money in fiscal 1959, individuals were contributing slightly more.

Corporate profit taxes from the state amounted to \$545,000,000, \$80,000,000 under fiscal 1958. Individual income taxes paid in during fiscal 1959, excluding those which had been withheld from pay checks, amounted to \$687,000,000. In like 1958 the amount was some \$657,000,000. Individual income taxes withheld along with withholdings for old age and disability insurance, amounted to \$1,090,000,000 for the preceding 12 months.

Around the Capital:

Capitol Hill's weekly newspaper, "Roll Call," tells how the office of the House Republican Leader Charles Halleck of Indiana came to the rescue of Speaker Sam Rayburn of Texas when the Texan had to get some shoes polished in a hurry.

A pair of new shoes that Rayburn had bought for an embassy reception were delivered shortly before he left for the affair. But the shoes had white stitching on the soles—not appropriate for such a formal affair.

"The office (Rayburn's) went into a dither," said Roll Call. "No polish was on hand. One secretary tried to dye the seams with cola. It didn't work. Instant coffee was applied, and a mixture of hot tea. Still the white string wouldn't fade, and the hour of the reception was near.

"As a last resort, a staff member called on the next door neighbor, pleaded for help. A can of shoe polish was turned over by the neighbor. Minority Leader Charles Halleck, a bi-partisan gesture which enabled Mr. Sam to attend his reception in sartorial splendor."

Alaskan Congressman Ralph Rivers tells the story of a Texan who sent an eight-pound cucumber to the editor of an Alaskan newspaper with the note that it was a Texas gherkin (a small size pickle). The editor responded a few days later, sending the Texan a 40-pound Alaskan cabbage (the Alaskan gave that estimate) along with a note that the Texan might like to see an Alaskan Brussels sprout.

Interest on Savings Bonds Is Considered As Taxable Income

"Interest on U. S. savings bonds must be considered taxable income," Arthur E. Fogle of Internal Revenue Service at Abilene, advised taxpayers today.

"If you are on the cash basis, you have an option as to when you may report the interest on your income tax return. You may want to report interest yearly. If you do it this way, the amount of interest to be included in income each year is given in the table on the bond."

The taxpayer may wait until the bonds are matured or cashed before reporting the interest earned. In this case the interest must be included as income for that year. Also, once the taxpayer begins to report interest yearly, he must continue with this plan, unless he is given permission to change to another method.

"Accrual method taxpayers must report interest in U. S. savings bonds each year as the interest accrues. They are not permitted to defer the reporting of interest until the bonds are cashed or matured," Fogle concluded.

1959 Traffic Death Record Shows Gain Over Year Before

In closing the 1959 traffic statistical books at midnight last Wednesday, the Texas Department of Public Safety reported a five per cent increase in traffic deaths in Texas over the previous year.

Colonel Homer Garrison Jr., director of the Texas DPS, released the final 1959 figures this week saying three were 111 more motor-vehicle deaths in 1959 than in 1958. While traffic deaths increased five per cent, Garrison said, "driving increased five per cent, thus the death rate—number of deaths per hundred million miles of driving—remained the same as in 1958, 5.3."

The final count showed 2,453 persons killed in 340,158 traffic accidents during 1959. During the year Texans, aided by thousands of visitors to the state, drove more than 46,000,000,000 miles—an all time high in travel on Texas highways. The economic loss resulting from traffic accidents in Texas totaled an estimated \$382,781,000, also a new high.

Garrison said a booklet containing complete statistical information on 1959 motor vehicle traffic accidents in Texas will be released by the department about April 20.

HAMLIN, TEXAS

Speckled Leaf Blotch Said Damaging Much of Wheat in South Plains Areas

Speckled leaf blotch, a fungus disease which attacks the leaves of wheat, is now common from Central Texas northward and westward through the Panhandle, including the Hamlin region, reports Harlan E. Smith, extension plant pathologist.

Openings Available Now for Patrolmen For Texas Highways

Young men interested in becoming patrolmen in one of the greatest law enforcement organizations in the nation will be given their chance during April.

Colonel Homer Garrison, director of the Texas Department of Public Safety, announced this week that entrance examinations will be given April 12, 13 and 14 in cities throughout the state to young men interested in the patrolmen positions.

The state police director said exams will be given April 12 in Tyler, Beaumont, Harlingen, Midland, El Paso, Lubbock and Austin. April 13 the exams will be given in Dallas, Lufkin, Corpus Christi, Abilene, Amarillo and Waco. And on April 14 the examinations will be given in Fort Worth, Houston, San Angelo, San Antonio and Wichita Falls.

Garrison said young men between 21 and 35 years of age have until April 1 to file applications for these important positions. They must be a graduate of high school, be in good physical condition and of good moral character.

The disease shows first as pale green to yellow, oily appearing spots on the leaf of the diseased wheat plant. The spots, says Smith, enlarge and become brown and then ashen-gray in color. Tiny, pin-point, black dots or fruiting bodies of the fungus can be seen in the leaf spots. Entire leaves are killed by the fungus, thus reducing its forage value for grazing and curtailing the functions performed by the leaves.

Smith said the disease could live through freezing weather and, despite the extreme cold of recent weeks, had continued to spread. The last serious epidemic of the disease occurred during 1957.

No cure is known for the disease. Exact information is lacking concerning the resistance of wheat varieties to the disease, declared Smith. Observations, however, have revealed that Crockett and Mediterranean show resistance and Ponca and Quanah have considerable tolerance to the disease. Westar and Triumph, on the other hand, are known to be susceptible.

Seed treatment with organic mercury fungicides will prevent the fungus from being carried over in old straw. Smith advises that old straw be plowed under deep wheat follows wheat in rotation. Destroying volunteer wheat also will help prevent carry-over of the disease according to the pathologist.

Things aren't as bad as they look—they couldn't be!

FORMER GOVERNOR COKE STEVENSON holds his six-year-old great-grandson, Coke Stevenson Watson, as the former governor visited the child's parents, Mr. and Mrs. John Allan Watson, in Austin. Mrs. Watson is the daughter of Coke Stevenson Jr. and a granddaughter of the former governor.

Taxpayers Urged to Be Careful to Give Correct Mail Address

Failure to type or print your information on that federal income tax return for 1959 could cost you a lot of money.

This word came this week from Arthur E. Fogle of the Abilene Internal Revenue Service office.

"Right here in this area hundreds of taxpayers had to be located last year so Uncle Sam could pay them refunds amounting to several thousand dollars. This business happens every year," Fogle says, "because people either do not write legibly or they move to new addresses and neglect to leave forwarding addresses with their postmasters."

Fogle said that revenue is using more electronic devices than ever this year to speed work, but hurriedly scrawled numbers such as 1 and 7 and carelessly closed loops in letters e, l and f, often short circuit the entire IRS production line.

"So type or print your return and notify your postmaster of your new address if you should move. These simple precautions will save everybody lots of time and money," Fogle declared.

There is no good in arguing with the inevitable; the only argument available with a cold wind is to put on your overcoat.—Lowell.

County Bond Sales For January Rank Jones as Third

Savings bond sales in Jones County for January, 1960, totaled \$70,519. A. C. Humphrey of Stamford, chairman of the county savings bonds committee, reported this week. "Our county has reached 16.0 per cent of its 1960 goal of \$440,000."

Sales in Texas for January were \$16,537,766, which is 10 per cent of the state goal.

"When we buy our country's savings bonds we are helping to save things that money cannot buy," concluded Humphrey.

January sales ranked Jones County third in the nine-county District 13 of Central West Texas in percentage of the year's goal attained. The table below shows sales by counties and the percentage of goal attained so far:

County	Jan. Sales	% of Goal
Callahan	\$ 40,803	19.4%
Eastland	84,097	16.2%
Fisher	10,921	13.6%
Haskell	35,440	13.1%
Jones	70,519	16.0%
Nolan	47,992	12.6%
Shackelford	14,121	7.4%
Stephens	27,402	7.8%
Taylor	186,933	13.8%
Totals	\$518,283	13.7%

Retiring Workers Urged to File Claims For Benefits Early

Retiring workers were advised to call on the Social Security Administration two or three months before the date of retirement by R. R. Tuley Jr., district manager of the Abilene office.

"Early application will enable us to attend to the necessary details and get that first monthly benefit check out on time," he said.

"Claims for the retirement and family insurance payments require some action before they can be certified to the treasury department for payment," according to Tuley. "By filing early, payment can usually be made when first due."

An applicant should bring some evidence of age (not necessarily a birth certificate) and an earnings statement showing the amount of his wages the last year. The self-employed person should furnish a copy of his latest income tax return.

No appointment is necessary to file a claim. The Abilene office of the Social Security Administration is located at 203 Fannin at North Second Street. The office is open Monday through Friday from 9:00 a. m. to 5:00 p. m.

Residents of area towns who find it too inconvenient to come to the office in Abilene should consult the schedule at their local post office for date and place a representative will be in their vicinity.

FORCE OF HABIT.

The parson's new secretary, who formerly worked in the Defense Department, promptly set about revamping the filing system.

She labeled one drawer "Sacred" and another "Top Sacred."

Tips on Treatment Of Shrub Leaf Spot Given by Agent

Many people notice leaf spot on magnolia, ligustrum, euonymus, gardenia, holly, photinia and other broadleaf evergreens at this time of year, especially in areas of high rainfall. These fungal leaf spots may be of different sizes and colors. They lower the aesthetic value of trees and shrubs; however, the plants are damaged little since the damage is on one-year-old leaves that are about ready to naturally fall from the tree or shrub. Several different fungi or molds may cause these leaf spots, according to County Agent Kirby Clayton.

If the value of the shrub or shade tree is high enough to justify the cost, a preventive spray program is effective in reducing the damage of leaf spots. Use two tablespoons of captan or two tablespoons of zineb per gallon of water. Add a spreader stick (one tablespoon glue) to the spray. A combination of zineb and captan may be more effective. Zineb or captan may be used with safety during any part of the year. It is more important to have plants protected during times of above average rainfall or high humidity.

With bacterial leaf spots, it may be necessary to spray with a fixed or insoluble copper such as copper A compound or tri-basic copper sulfate. Bordeaux mixtures may also be used. Use fixed copper or Bordeaux with care since they may damage leaves to some extent. The use of a spreader-sticker and avoiding hot weather will tend to lessen the spray damage.

Leaf spots may occur during the growing season. Continued premature loss of leaves may weaken a tree or shrub so that it is more susceptible to other troubles. A good spray program plus proper fertilization and watering will help improve health of trees and shrubs. Avoid wetting foliage while watering as this tends to spread leaf spots.

SAME MAN—SAME JOKE.

"I hear the bank is looking for a cashier."

"But I thought they just hired one a month ago."

"They did. That's the one they are looking for."

4-H Club Council of County Discusses Meeting at Quanah

Jones County 4-H Club Council met last Tuesday evening at 7:00 o'clock in the agent's office in Anson. The chairman, Larry Middleton, presided. Phyllis Roberts acted as secretary.

Minutes of the October 17 meeting were read and approved. Martha Woodard of Hawley was elected as alternate council delegate to replace Barbara Shugart, who has married.

Home Demonstration Agent Mary Y. Newberry discussed the proper procedure of carrying out a meeting. The eight steps in making and carrying a motion also were discussed, and a motion was made and the eight steps were observed in carrying out that motion. Also an amendment was made to the motion.

The District III 4-H Club Council meeting, scheduled for March 12 at Lake Pauline near Quanah, was discussed.

Attending the Tuesday session were Phyllis Roberts, Lester Dalton, L. C. Middleton, Larry Middleton, Mike Holloway, Willie Holloway and Mary Y. Newberry.

Census Statistics to Be Vital to Veterans In Service, Legislation

Forthcoming 1960 census will be of more than usual interest to veterans and their families, according to the Veterans Administration. The census takers will visit every household beginning Friday, April 1.

This year the Census Bureau seeks the latest accurate information on the total veterans' population figures as well as a grouping by war period.

Census takers will not ask this information on their visit to each household. Instead they will leave at every fourth household a special questionnaire for each person residing there. A box, numbered "P-35" on this questionnaire, supplies space to check off whether or not the individual is a veteran and in which war period he had served.

For the next decade, statistics resulting from this census will be used as an authoritative benchmark when veterans service or legislation come under consideration.

It's great to be great, but it's greater to be human.

Preliminary Plans For New Methodist Plant Being Made

Preliminary plans for consideration by officials of the First Methodist Church for a new church plant are being prepared by the executive secretary of Town and Country Commission of the North-west Texas Methodist Conference, declares Rev. Edmund W. Robb, pastor of the church. The plans are being done without cost to the local congregation, and no contract has been signed by an architect, Robb says.

Official board of the church recently voted to purchase the two residences north of the present sanctuary and parsonage of the church that would give it a full half-block for expansion. Building fund for the church has been accumulating now for several years, and if a new sanctuary for the group is approved, further campaign for funds will be implemented.

Several years ago the church purchased the block where the Little League baseball park is now located in Southwest Hamlin. It now appears wiser, says Robb, and the majority of the members prefer, to build on the present location. The block in Southwest Hamlin can be sold for a nice profit, point out church leaders.

In building at the present location, it is pointed out, it will be possible to build in units, using the present buildings until all units are completed. "By building in units, we can build over a period of years without as much initial cost," declares Robb.

Trend of Growing Livestock Herds In Area Reflected in Figures for Texas

Reflecting the trends that have persisted in the Hamlin area for several months, it came as no surprise recently when the U. S. Department of Agriculture released its figures on livestock population at the beginning of 1960, showing that cattle on Texas ranges had increased by 1.1 per cent over early 1959.

The USDA inventory reported the total of all cattle in Texas as of January 1, 1960, at 9,276,000 compared with 8,510,000 at the same time a year ago. This nine per cent increase in population was nearly double the rate of the national increase, which amounted to about five per cent.

It also came as no surprise when the USDA reported that the total value of all livestock—cattle, hogs, sheep, horses and mules and poultry—had gone down in spite of increased numbers in most categories. The total valuation at the start of 1960 was placed at some \$16,236,408,000 compared with \$18,092,870,000 a year ago.

Nationally, the livestock and poultry population figures showed these comparisons. Cattle, 101,520,000 this year and 96,650,000 last year; milk cows, 21,331,000 and 21,488,000; hogs, 58,464,000 and 56,924,000; sheep, 33,621,000 and 32,945,000; horses and mules, 8,089,900 and 3,142,000; chickens, 368,859,000 and 383,529,000; and turkeys, 5,673,000 and 5,923,000. Horses and mules declined two per cent, chickens fell off four per cent, and dairy cows eased off one per cent.

At the same time, the USDA estimated a sharp drop in value per head of livestock, as follows: Cattle, \$136 this year and \$153 last year; milk cows, \$208 and

\$219; hogs, \$16.50 and \$20.30; horses and mules, \$112 and \$101; chickens, \$1.05 and \$1.26; and turkeys, \$4.91 and \$4.65. Only horses and mules and turkeys showed a slight increase in price. Release of the figures reemphasize the attitude of most authorities in their outlook on the 1960 cattle market, which is that the time has arrived for caution in the livestock population on Texas planning any further increases of ranges. Good range conditions in general continue to encourage the trend toward taking full advantage of the conditions, but authorities agree that extreme care should be exercised before any further heavy expansion is developed.

CELEBRATING THIS TIME.

"Please, sir, could I have the afternoon off?"

"Ah, yes, your grandmother, I suppose?"

"Exactly, sir, she's making her first parachute jump."

Dr. Pattillo Named Region Chairman For Posture Week

Dr. William A. Pattillo of Hamlin has been designated regional chairman to direct posture week activities in the West Texas area the first week in May.

His appointment was announced by Dr. Jay H. Perreten of Houston, co-chairman of the state posture committee. Posture Week, May 1 to 7, is sponsored annually by the Texas State Chiropractic Association to call attention to the relationship between good posture and good health. This is the eleventh straight year Posture Week will be observed in Texas.

Dr. Perreten said at least 300 towns were planning activities during the week, among them a number of towns in this area. The regional chairman will designate a number of city-county chairmen. Their appointments will be announced soon. Many towns plan to select posture queens to compete for the crown of Miss Correct Posture of Texas. The title was won last year by Lucille Allen of San Antonio.

The three main points that will be stressed during the week, according to Pattillo, will be: (1) Bad posture may be keeping a person from enjoying truly good health; (2) the way a person walks, works, rides or plays directly influences the spine which in turn governs many normal body functions; and (3) the spine is the key to good posture and good health.

RIGHT FROM SEED.

Out of curiosity, a farmer had grown a crop of flax and had a tablecloth made out of the linen. Some time later he bragged about it to a woman guest at dinner. "I grew this tablecloth myself."

"Did you really?" she exclaimed. "How did you manage it?" It was plain that she had no idea as to how tablecloths came into being.

The farmer lowered his voice mysteriously. "If you promise to keep the secret I'll tell you."

The guest promised. "Well," proceeded the farmer, "I planted a napkin."

INCOME TAX FILING TIME IS HERE AGAIN!

Come in and let's get started on that Income Tax Return for 1959. Forms are now available, and I can complete the return and have it ready for you to mail in a few days. As a Tax Consultant, with 30 years' experience, I can save you both time and worry—and perhaps some tax money.

People of Region to Go to Santone Fiesta

Numbers of Hamlin area people will be among crowds attending one of the most distinctive and enjoyable festivals in the United States—San Antonio's unique Fiesta San Jacinto, an annual event, beginning this year on April 18.

Staged over an entire week, this celebration commemorates the victorious battle of San Jacinto, which won the Republic of Texas its independence in 1836.

Throughout the course of its event packed program the Fiesta is a happy, if explosive, blend of Western Texas hilarity and whoop-de-do, colorful Latin-American gaiety and typical American jamboree.

Herald Publisher on State Industry Board

Willard Jones, publisher of The Hamlin Herald, last week was named to the state-wide industrial advisory board of the Texas Industrial Commission.

Appointment came from E. B. Germany, chairman of the board, who wrote, "We on the Texas Industrial Commission are honored and pleased to have you as a member of this board so vital to the future growth and prosperity of our state. It will be a privilege to work with you in developing the great industrial potential of Texas."

All kinds pencils at The Herald.

Five Months Left for GI Loans for Veterans

Hamlin area veterans are reminded that about five months remain in which World War II veterans may apply for GI home, farm or business loans, according to Sumner G. Whittier, administrator of veterans affairs, in a release to The Herald.

Under present law July 25, 1960, is the cut-off date set for World War II veteran participation in the post-war program that has seen more than 5,000,000 World

SALE ANYWAY.

The street vendor said, "Buy some flowers for your wife, mister?"

"I'm not married," muttered the bachelor.

"Then buy a bunch to celebrate your luck."

War II veterans take advantage of the GI bill loan provisions since June 22, 1944.

Whittier pointed out that these dates do not apply to Korean conflict veterans, who have until January 31, 1965, to make GI loan applications.

PERFECT RESULTS.

The middle aged man's wife had been badgering him for days to take some "youth pills" she bought for him. He finally relented one evening and took several of them before going to bed.

Next morning she found it difficult to wake him. "Get up, it's time you were out of bed!"

"All right, all right," he answered, eyes squinted. "I'll get up—but I won't go to school."

Only an intelligent man has sense enough to recognize his own limitations.

"Where Quality Reigns"

Telephone 51

Hamlin, Texas

Our representation in Congress for the next ten years will be based on the 1960 U.S. Census count this April.

The amazing growth and shift of the U.S. population since our last Census is expected to produce many changes in the makeup of the House of Representatives.

Some states will gain Representatives, some states will lose and some states, of course, will remain unchanged.

It is important that you be counted in the Census. It will help our state get its fair share of Representatives.

Your advance questionnaire will come by mail. Fill it out at your convenience and have it ready when the census taker comes early in April.

BE SURE YOU'RE COUNTED WITH ALL AMERICANS

SIX-PASSENGER CAR OR STATION SEDAN ...CORVAIR IS BOTH!

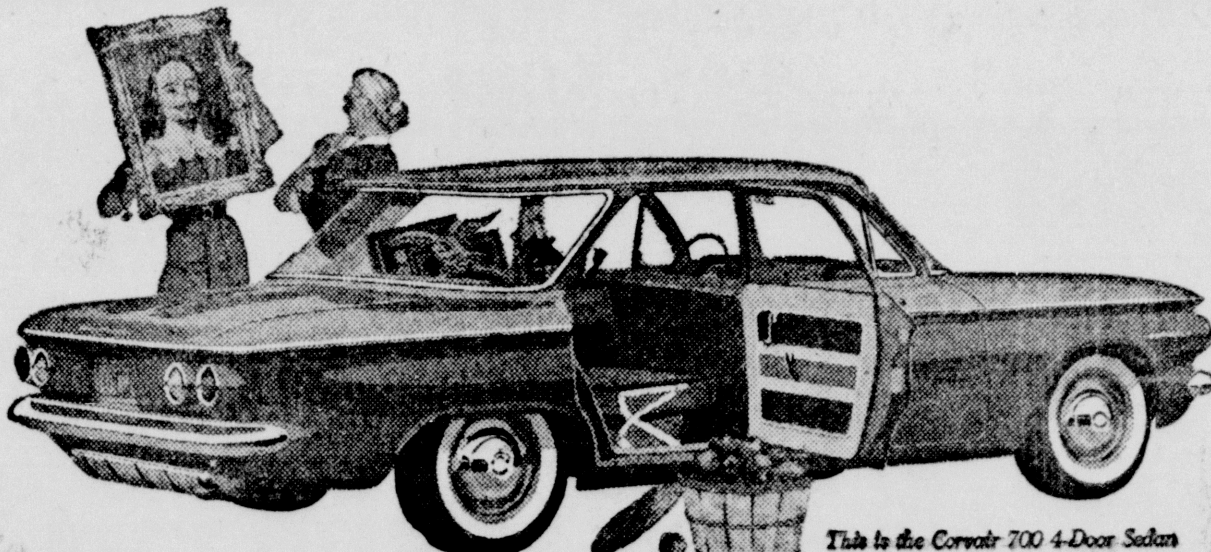

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment ... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk.

Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one ... soon.

For economical transportation—**corvair** BY CHEVROLET

This is the Corvair 700 4-Door Sedan

Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals.

4-H Club Leaders Set Demonstration Plans for Summer

Members of the Jones County 4-H Junior Leaders Club met Saturday morning in Mary Y. Newberry's office at Anson to plan demonstrations for the ensuing spring and summer.

The meeting was called to order by the vice president, Scottie Fleming. Minutes of the last meeting were read and approved. Carolyn Bagley of Anson was elected secretary.

After the regular business session, Marverline Shugart of Avoca gave a report on the International Youth Conference held recently at San Antonio. Recreation Leader Sandra Garrett of Lueders led the group in games.

Scottie Fleming and Sandra Garrett will do a demonstration for the March 12 meeting; Martha Garrett and Larry Grimm on April 9; Beverly Garrett and Stanley Harvey on May 14; Mike Kelly and Carolyn Bagley on June 11; Buddy Drummond and Phylecia Roberts on July 9; and David Lundgren and Stephen Haterius on August 13.

Those attending the Saturday meeting were Scottie Fleming, Stephen Haterius, David Lundgren, Mike Kelly, Grace Ekenstam, a new member, Martha Garrett, Carolyn Bagley, Sandra Garrett, Marverline Shugart, Beverly Garrett, Phylecia Roberts, Mrs. Eben Shugart, and Home Demonstration Agent Mary Y. Newberry.

WANDERING MIND.

The young man explained, "I've got photographs of Jayne Mansfield, Kim Novak and Marilyn Monroe hung all around my bedroom."

"So," inquired the psychiatrist, "what's your problem?"

"All night long I dream about Gene Autry's horses."

Stensils of all kinds at Herald.

ROPE IS FIRE ESCAPE—Elaine Brink, nine, wore a rope around her waist when she went to her class in the Tandy Elementary School in Fort Worth. Her mother, Mrs. Robert S. Brink, gave it to her because the 2½-story building has no fire escape.

CAN HE QUALIFY?

The autoist hit a rooster while driving along a country road. Anxious to do the right thing, he located the farmer who owned it and said, "I just ran over your rooster and I'm willing to replace him."

"Fine," the farmer replied, "let's hear you crow!"

Have character—don't be one.

Wesley Acklin with Army Unit in Germany

Army Private Wesley D. Acklin, 18-year-old son of Mr. and Mrs. Ike D. Acklin of 150 Northwest Second Street in Hamlin, recently arrived in Germany and is now a member of the 24th Infantry Division, according to a release from Germany to The Herald.

Acklin, a construction specialist in Company B of the division's Third Engineer Battalion, entered the Army in June, 1959, and completed basic training at Fort Carson, Colorado.

He is a 1959 graduate of Hamlin High School.

Mr. and Mrs. Bill Foster, Owners

NOTICE OF INTENTION OF THE CITY OF HAMLIN TO RECEIVE BIDS FOR OIL, GAS AND MINERAL LEASE ON CITY OWNED LAND

The City of Hamlin, a municipal corporation, having determined that it is advisable to make an oil, gas and mineral lease on the hereinafter described lands, belonging to the City of Hamlin, hereby gives notice of its intention to lease the following lands, belonging to the City of Hamlin, Jones County, Texas, described as follows, to-wit:

First Tract: Lying and being situated in Jones County, Texas, known and described as Block No. Five (5) of the J. M. Cunningham Subdivision of Surveys Nos. 37 and 38, Austin & Williams League No. 340 in Jones County, Texas, as shown by map or plat of record in the office of the county clerk of Jones County, Texas, less ten acres out of the NW corner of said Block No. 5, heretofore sold by J. C. Coons and wife to C. D. Hart; and being the same land described in deed from the Continental State Bank of Hamlin to the City of Hamlin, Texas, dated August 12, 1914, recorded in Volume 669 on page 183 of the Deed Records of Jones County, Texas, to which deed and the record thereof reference is hereby made for all purposes.

Second Tract: All that certain tract or parcel of land situated in Jones County, Texas, and located about one and one-half miles east of said City of Hamlin, and being a strip off of the J. M. Cunningham Subdivision of Surveys Nos. 37 and 38, Austin & Williams League No. 340, Jones County, Texas, as shown by the map or plat of said addition now on file in the office of the county clerk of Jones County, and the further conveyance of a road bed of 15 feet in width and length along the north line of the said above described Block No. 4 for the purposes of travel to and from the above mentioned and described four acres of land, and for a better description of the same is described as follows: Beginning at the NE corner of Block No. Four (4) and running south 336 vrs. to a stone for the SE corner of said Block No. Four (4); thence west 63 vrs. to a stone for the SW corner of this four-acre tract; thence north 336 vrs. to the north line of this block to the place of beginning, and being the same tract of land conveyed by J. P. Lamar to the City of Hamlin by deed dated February 1, 1910, recorded in volume 54 on page 491 of the Deed Records of Jones County, Texas.

Third Tract: All that certain tract or parcel of land situated in Jones County, Texas, and adjacent to the City of Hamlin, and being five acres, more or less, out of the Chas. Gates Survey No. 353 and being more particularly described by metes and bounds in that certain deed from Mrs. Henrietta D. Moore, a feme sole, to the City of Hamlin dated August 17, 1921, recorded in volume 117 on page 9 of the Deed Records of Jones County, Texas, to which deed and the record thereof reference is hereby made for all purposes of description.

Fourth Tract: All that certain tract or parcel of land lying and being situated in Jones County, Texas, and being more particularly described as follows, to-wit: Being 5.18 acres, more or less, out of the Chas. Gates Survey No. 353 and being more particularly described by metes and bounds as follows: Beginning at a point of intersection of a line parallel with and 190 feet southeast from and measured at right angles to the center line of the main center line of K. M. & O. Railway and the southwest line of Grand Avenue, Town of Hamlin, Texas; thence north 26 deg. 50 feet east a distance of 576.57 feet to a point; thence north 68 deg. 03 feet east a distance of 668.24 feet to a point; thence south 21 deg. 57 feet east a distance of 445 feet to a point on the easterly property line of K. M. & O. Railway; thence south 46 deg. 03 feet west a distance of 251.1 feet to a point; thence south 68 deg. 33 feet west 420 feet to a point; thence south 38 deg. 33 feet west a distance of 534 feet to a point on the southwest line of Grand Avenue; thence north 14 deg. 27 feet west a distance of 119.45 feet to a point of beginning; said tract containing 5.18 acres, more or less.

The City of Hamlin herenow gives notice by publication in The Hamlin Herald, a newspaper published in the County of Jones, State of Texas, having a general circulation therein, once a week for a period of three (3) consecutive weeks, and designating the time and place, after such publication where such governing body will receive and consider bids for such oil, gas and mineral lease on the above described lands, at the City Hall in the City of Hamlin, on the 19th day of April, 1960, at 7:30 p. m., regular time, place of regular monthly meeting for the month of April, 1960. The bids for said oil, gas and mineral lease will designate the primary term

of such lease, which shall not be for more than a period of ten (10) years, together with the amount of the annual rental to be paid thereunder, and the form of the proposed oil, gas and mineral lease, to the end that the City of Hamlin may determine whether or not the said lease is on such form as will be satisfactory to the City of Hamlin. The city governing body will receive and consider all bids for the leasing of said lands, which are hereby advertised for lease, and upon the discretion of the governing body shall award the lease to the highest and best bidder submitting a bid, provided that if in the judgment of such governing body, the bid or bids do not represent the fair value of such lease, the governing body, in its discretion, may reject the same and again give notice and call for additional bids. A public hearing will be given on the date above mentioned, at the City Hall in the City of Hamlin, Jones County, Texas, as per notice above. The oil, gas and mineral lease shall provide for a royalty of at least one-eighth (1-8th). Signed this 21st day of March, A. D. 1960.—The City of Hamlin By L. H. McBride, Mayor. Attest: Mrs. H. M. Barrow, City Secretary.

EMERGENCY RESULT.

The vacationer asked, "Do the people here really drink a lot of whiskey?"

"Well," replied the mountaineer, "the water was turned off a while back and nobody knew it till Harold's barn caught on fire."

Stamford Cowboy Reunion Set This Year for July 1-2-4

Dates for the thirtieth annual Texas Cowboy Reunion have been set for July 1, 2 and 4, with no activities planned for Sunday, July 3, it was announced from Stamford over the week-end by Eugene Swenson, reunion chairman, following a meeting of the board of directors Friday.

Young Swenson is serving his first term as president. He was elected last September to succeed his colorful father, who had held the enviable position since the inception of the association in 1930.

The annual affair always attracts scores of Hamlin area people.

The board also gave the chairman authority to start making plans for rodeo stock. He has written Adrian Parker of St. Jo, the same man who supplied the stock last year. The request was for 75 bucking horses, 35 bucking bulls, 85 roping calves and 80 head of mugging (bulldozing) stock.

The chairman said night performances are planned for July 1 and 2 and that a matinee and night performance will be held July 4.

Spring Track Meet for Junior High Schools Scheduled at Anson

Spring track and field meet for the five schools of the Junior High School Conference of the area will be held at Anson on Saturday, April 23, it was decided at a meeting at Anson recently of representatives from the schools.

The spring volleyball meet will be held at Anson on Thursday, March 24. Hamlin boys will play Haskell at 3:00 p. m. in the opening game. Hamlin and Haskell girls' game will follow at 3:30 p. m.

A football schedule for next fall also was drawn up as follows:

September 13—Albany at Hamlin.
September 20—Hamlin at Merkel.
September 27—Anson at Hamlin.
October 4—Hamlin at Haskell.
October 11—Open.
October 18—Hamlin at Albany.
October 25—Merkel at Hamlin.
November 1—Hamlin at Anson.
November 8—Haskell at Hamlin.

Major Crimes Show Marked Inertase In Texas in 1960. Tabulations Reveal

Major crimes in Texas during 1959 showed a marked increase, according to figures released this week to The Herald by the Texas Department of Public Safety.

In a report from Colonel Homer Garrison, director of the Texas DPS, aggravated assault gained the most with a 22 per cent increase over the year 1958. Crime in all categories increased 3.9 per cent over the previous year.

Of the remaining six major crimes — murder, rape, robbery, burglary, theft and auto theft —

only robbery showed a decline. According to the estimates, there were 45,827 burglaries in 1959 as compared with 44,822 in 1958, an increase of 2.2 per cent. Offenses in the automobile theft category totaled 15,830 as compared with 15,402 in 1958.

The crime report showed that on each day of the year 1959 there were 125 burglaries, 43 automobiles stolen, 266 thefts, other than automobile, 32 aggravated assaults, seven robberies, three rapes and three murders.

On a 10-year basis crime in Texas percentage-wise by far out-gained population. During the last decade the population of our state increased 24.4 per cent while crime increased 72.2 per cent.

Of other information in the report, the department's identification and criminal records system received 72,434 sets of criminal fingerprints in 1959, compared with 110,531 last year—an increase of 52.89 per cent. In the year 1950 identifications were made on 35,649 fingerprints, while 6,961 were identified in 1959. This was an increase of 87.53 per cent.

James R. Austin Ends U. S. Navy Boot Camp

James R. Austin, son of Mr. and Mrs. James J. Austin of 517 Northwest Avenue J in Hamlin, graduated from recruit training on March 10 at the Naval Training Center at San Diego, California.

The graduation exercises, marking the end of nine weeks of boot camp, includes a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy blue jacket, ready for duty with the fleet.

Soreheads and soreheads are different in degree but they are equally tiresome.

A MYNNAH DIFFICULTY—Justice of the Peace Bill Richburg (center) orates while an audience of three listens in his Dallas court. James M. Guynes (left) claimed that the unnamed Mynnah bird (center in cage) he bought from pet shop operator Woody Gibson (right) wouldn't talk. Gibson countered that the bird was not properly cared for by Guynes who asked for his \$50 back. The case ended when Gibson agreed to buy the bird back for \$75. And the Mynnah bird just screamed and screeched.

Area Rainfall in January Near Normal As Reservoirs of Region Show Gains

Precipitation in the Hamlin section was about normal, and water levels of reservoirs in the general territory remained about the same or showed slight gains, according to the monthly water conditions report for January, just released to The Herald by the State Board of Water Engineers at Austin.

Highlights from the report, with special emphasis to reservoirs of the region in which people of the Hamlin area are interested, are given below:

While the first month of the new year would be characterized as a dry month, it was almost a wet month in comparison with January of 1959. Fourteen of 21 selected Weather Bureau stations were below normal with a total deficit of 14.12 inches, while a year ago 18 of these stations were below normal with a total deficit of 23.68 inches. As the result of above normal rainfall in December, however, good soil moisture conditions have prevailed over most of the state during the month just ended.

Run-off was not great, though excessive conditions were experienced for the fourth consecutive month in North Central and Northeast Texas. Heavy rains occurring in late December and early January produced moderate to locally heavy flooding on the middle Brazos, upper Trinity and upper Sabine basins. Run-off was only slightly above average in North Texas and the Panhandle, and this was due to snow melt. Although rainfall was above average in western part of the state

it was slow and steady and produced very little run-off. Conditions were not appreciably above average in the south and south-east.

Flows of the lower Trinity, Brazos and Colorado Rivers were partly maintained by releases from upstream reservoirs. The mean discharge from Comal Springs at New Braunfels increased from 316 cubic feet per second to 325 cfs during January.

Total conservation storage in major reservoirs increased slightly, and several reservoirs were spilling at the end of the month.

In eight selected observation wells in Texas a water level rise was recorded in seven of them during January. The rises ranged from 0.1 foot to 2.0 feet. A decline of 0.2 foot was recorded in the well near Pasadena.

Flow of the Canadian River near Amarillo averaged 175 cfs or 189 per cent of the 23-year average for the month of January. The Red River near Terrell, Oklahoma, averaged 1,830 cfs or 318 per cent of the 21-year January average.

Heavy general rains in the upper Trinity basin kept the flow near flood stage. Flow at Riverside at the beginning of the month was 10,000 cfs and then rose rapidly to a fairly constant flow by the fifth. From the sixth through the twenty-eighth the flow averaged about 20,000 cfs, with peak daily discharge of 28,000 cfs on the eighteenth. The river began to recede rapidly on the twenty-ninth, and the month ended with a daily discharge of 7,000 cfs.

Maintained by releases from reservoirs above Waco and from general rains in Central Texas, the flow of the Brazos River was constant. At Richmond the daily average was 12,000 cfs, well above the long time average of 6,000 cfs. There was flow near South Bend during the entire month.

There were no rises on the Colorado during January, but releases from reservoirs above Austin sustained the flow. At Columbus the daily average was about 3,000 cfs.

The water level in the observation well at El Paso rose 0.1 foot to 226.8 feet near the end of the month. This was 1.4 feet lower than a year ago and was a new record low for the month of January.

A record high for January occurred in the Edwards limestone well at Uvalde, where the rise was 0.4 foot to 28.6 feet. This was only 1.9 feet below the all time high in July of 1937 and was 65.3 above the all-time low in April of 1957.

January in Texas was drier and colder than usual. However, a notable exception to the dry pattern occurred in many western sections largely in the form of snow. Soil moisture was adequate to excessive as the month ended. Most stations had temperatures around one degree below normal but dipped to three degrees below normal in the Panhandle for the coldest January since 1949, according to the weather resume issued by the Weather Bureau climatologist for Texas.

Snow, sleet and rain spread across North Texas on the fifth, leaving a good snow cover and many icy roads. Maximum radiation cooling from the snow covered ground caused temperatures from 10 degrees above down to zero north of Lubbock through the Panhandle on the sixth. At Amarillo thermometers were continuously below freezing from the sixteenth to the twenty-third. This is the third longest period of freezing on record at Amarillo, exceeded only by cold spells in February, 1895, and January, 1948. Snow was on the ground at Amarillo for 13 days during the month. Precipitation totals and normal

rains for January for selected Weather Bureau stations are given below:

Station—	Jan. Fall	Jan. Normal
Ahileme	2.14	0.88
Amarillo	1.30	0.64
Austin	1.03	2.63
Brownsville	0.65	1.43
Corpus Christi	1.56	1.39
Dallas	3.21	2.47
El Paso	0.72	0.42
Fort Worth	2.29	2.42
Galveston	0.58	4.06
Houston	2.05	4.16
Laredo	0.44	1.02
Lubbock	0.66	0.67
Midland-Odessa	1.17	0.62
Beaumont	1.65	5.12
San Angelo	1.95	0.99
San Antonio	0.76	1.81
Victoria	0.52	2.72
Waco	1.79	2.38
Wichita Falls	1.25	1.31
Lake Charles, La.	3.79	4.82

Total water storage of a select group of Texas reservoirs for the month shows a slight gain over December. The table below shows the storage in acre feet at the end of January and the percentage of total capacity.

Reservoir—	Storage End of Jan.	% of Cap.
Lake Kemp	242,700	53%
Lake Kickapoo	87,700	83%

Benbrook Lake	86,830	98%
Lake Grapevine	187,620	100%
Lake Houston	161,000	102%

Schedule of Prices For Cotton in CCC Released by USDA

U. S. Department of Agriculture has announced that the minimum sale price for 1959 and prior crops of upland cotton in its inventory will be the higher of (1) the market price, as determined by the Commodity Credit Corporation, or (2) 115 per cent of the Choice B loan rate during the 1960-61 marketing year.

For 1960 cotton, the minimum sales price will be 110 per cent of the Choice B loan rate when sold by local sales agencies and will be the higher of (1) the marketing price as determined by CCC, or (2) 110 per cent of such Choice B rate when sold by the New Orleans CSS Commodity office.

Department officials announced that this determination of minimum sales levels is to place emphasis on farmers' marketings of 1960 crop cotton.

It was also announced that carrying charges will be added in connection with the sales, beginning with 10 points in October and increasing 20 points per month for each month thereafter in accordance with the following schedule:

August, none; September, none; October, 10; November, 30; December, 50; January, 70; February, 90; March, 110; April, 130; May, 150; June, 170; and July, 190.

The successful man has the ability to make himself, as well as others, work.

WHO CARRIES THE BALL?

WHO CARRIES THE BALL FOR YOU? The Board of Community Development is carrying the ball for Hamlin, but is very small in comparison to all the opposition. Opposition in this highly competitive game of community development is with other towns that may be providing better living conditions.

THIS GAME OF COMMUNITY DEVELOPMENT is more than a game. It is as real as life itself. No team ever gains more than its members are willing to work for. It takes all of them working together, each doing his fair share, determined to reach the goal—which is better community life for everyone.

HAMLIN CANNOT AFFORD to lose any more ground. It must put up an all-out effort and make a goal line stand just to stay on the same field for the next few years. It needs all its citizens on the team who are willing to do their part.

YES, THE BCD IS CARRYING THE BALL for you, but it needs more members on the team. You wouldn't send a boy to do a man's job. Neither would you expect the BCD to meet man-sized community problems with small representative force of its citizens.

THE BCD NEEDS YOU ON ITS TEAM! It needs you to carry the ball with your ideas, interest and initiative! Join the team working for you, your family and your friends—the team of community effort!

**Board of Community Development,
Hamlin, Texas.**

Hamlin Board of Community Development

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin.—It's nine months until the fifty-seventh Legislature of Texas comes to Austin to pass laws, appropriate money and, probably, enact new taxes. But the major decisions are being made now.

Whether it's the warmer weather or the dwindling line—the first primary is only a little more than a month off—the deciding process is now going full tilt.

Candidates have their literature off the presses and their campaign organizations in action. Challenges and promises are being made, mostly centered on one issue—meeting the state's in-the-red financial predicament.

In most areas legislators are being forced, if their announcement platforms aren't clear, to say pretty specifically what sort of new tax they would favor.

On the state-wide level it's the same. Jack Cox, with the backing of Former Governor Allan Shivers, has come out for a two per cent sales tax for education. Governor Price Daniel has consistently maintained that the state's financial problems are not

so great they cannot be solved by other means.

Jake Pickle is leaving his post as director of organization for the state Democratic executive committee and will work in Governor Daniel's campaign. Jake Jacobson, former Daniel aide, will head the Daniel headquarters.

Ranchers Expect Good Year.—Reflecting the age-old Texas philosophy that everything depends on rain, most Texas ranchers are wearing a smile this spring.

Members of the Texas and Southwestern Cattle Raisers Association meeting in Austin said wet weather had put a "season" in the ground. Prolonged cold meant a lot of expensive feeding, but in general, the cattlemen look to this year as one of the best ever.

Amid the optimism, U. S. Secretary of Agriculture Ezra Benson warned against too rapid expansion of herds. It will almost certainly result in a sharp drop in prices, said Benson.

Benson noted that in the past two years cattle in the U. S. had increased by almost 4,000,000 head

ON THE BOW.—Few jeeps in the annual jeep derby, or ships on the sea, have anything much more decorative than model Josie Johns at the fore. Josie is posing to call attention to the annual up-and-down-hill Jeep Derby contest April 21-23 over "the roughest track in the U. S. A." The contest is part of a general spring fiesta celebrating the riches of the Rio Grande Valley and the scenic spots of the New Mexico Southwest.

a year, double the rate he felt the consumer market can easily absorb.

He estimated there were a record breaking 101,000,000 head of cattle in the country at the start of the year. This is "not yet excessive," said Benson, but he urged that future increases be "moderate."

Governor Daniel warned the cattlemen to watch the import situation. Governor's Exhibit A was the Texas oil industry which has suffered crippling setbacks from the competition of lower priced imports.

Secretary Benson opposed raising import barriers. He suggested that losses would offset gains in that a \$4,000,000,000 export business in hides and tallow would be choked off.

Dolph Briscoe of Uvalde, former legislator, was elected president of the Cattle Raisers Association.

Cattle Measures Urged.—Cattlemen voted to seek government action in these areas:

1. State and federal agency help to enable railroads to operate more efficiently and economically.
2. Legislative enactment of a stronger trespass law to protect land owners.
3. Full authority for the Texas Animal Health Commission to direct the brucellosis eradication program begun under a law passed by the Legislature in 1959.
4. Confirmation by the U. S. secretary of agriculture of the association's right to carry out its brand registration and inspection program.
5. Launching by the USDA, as quickly as possible, of a screw-worm eradication program in the Southwest similar to the dramatically successful Florida program.

Higher College Costs.—Next Legislature probably will be asked to appropriate about 23 per cent

more for support of Texas' state colleges and universities.

Ralph Green, director of the Commission on Higher Education, said an estimated \$31,400,000 more than present allocations would be needed for the 1961-63 biennium.

This is some \$15,000,000 a year more than the \$65,000,000 being spent this year. Green told a legislative economy committee the extra funds would be needed to meet increased enrollments and improve faculty salaries.

Green reminded the lawmakers that part of increased cost results from the Legislature's having made a junior college into a senior college—against the commission's recommendation.

More Youth Aid Asked.—Texas Youth Council has announced it will try again to get a paid parole supervision system for juveniles released from state training schools.

Legislature failed to enact this last session. Council also outlined need for dependent and neglected negro children and expanding other state schools for young people.

Other two members of the council refused to add their support to a wide scale delinquency prevention program proposed by Chairman W. C. Windsor Jr. of Dallas. It included such recommendations as making 12 years of schooling compulsory, keeping schools open to 5:00 p. m. for students with special needs, working with the Texas Employment Commission to provide more job opportunities for youngsters, more emphasis on child and family guidance centers, etc.

Louie Henna of Round Rock and Robert Kneebone of Houston said Windsor's program invaded the fields of other state agencies.

Safety Laws Outlined.—Brad Smith, director of the Texas Traffic Safety Commission, has proposed a four-plank platform for

John Ed Bury, 77, Father of Hamlin Business Man, Dies

John Edward Bury, 77-year-old retired farmer and father of a Hamlin business man, died last Friday evening at Anson after an illness of about two months.

Born August 17, 1882, at Toledo, Ohio, he married the former Clara Margaret Reihle at Toledo in 1905. They moved to Zephyr, near Brownwood, in 1937. He was a member of the Methodist Church, Masonic Lodge and the Moslah Shrine Temple of Fort Worth.

Funeral services were conducted Sunday afternoon at 3:00 o'clock at Zephyr Methodist Church, with the pastor officiating. Interment was in the Zephyr Cemetery under the direction of Davis-Morris Funeral Home of Brownwood.

Survivors include the son, George Bury of Hamlin; one sister, Mrs. Casper Settemeyer of Warren, Ohio; two grandchildren and three great-grandchildren.

THE MISSING LINK.

In the mood for joking, some vacationing sportsmen stopped when they saw a farmer working in a field and asked him, "Did you happen to see a wagon load of monkeys go by?"

"Nope," replied the farmer, "did you fall off?"

The superstitious are happy to note that 1960 has only one Friday the 13th—in May.

cutting Texas' traffic toll. Planks are:

1. Provide driver education for every public high school that wants it.
2. Revise the 20-year-old drivers' license requirements.
3. Set up a state-wide chemical test for suspected drunken drivers.
4. Set up a system of traffic courts.

Bridge Work Set.—Texas Highway Commission has announced plans to spend \$5,216,500 in rebuilding or strengthening more than 100 bridges.

They are bridges regarded as not strong enough to take the increased 72,000-pound load limit authorized by the last Legislature. At present these bridges are "zoned" to prevent use by trucks loaded to the limit.

DOT MEET.—Mrs. R. D. Randolph (bottom) talks as Alex Dickie Jr. listens at Democrats of Texas Clubs meeting in Houston. DOT Chairman Randolph is Democratic national committeewoman. Dickie is DOT vice chairman.

4-H Share-the-Fun Festival to Be Held at Anson Gym April 12

Jones County 4-H Club share-the-fun festival will be held in the Anson grade school gymnasium at 7:30 o'clock Tuesday evening, April 12, according to an announcement this week by county extension agents Mary L. Newberry and Kirby Clayton.

Four-H Clubs over Jones County are now in the process of working up their fun skits with the help of adult leaders and the agents. There will be only one act per club in the county contest, and where a club enters more than one act, the agents will arrange for eliminations.

All 4-H Club members are urged to work on their acts and be prepared to present them at their club meeting, which will be held during the week of April 4 to 8.

The county winners in the share-the-fun festival will compete in the district competition in Wichita Falls on May 6.

NOODLE-HEAD.

Community-Wide Clean-Up Set

During a recent meeting of the civic affairs committee of the Board of Community Development, several items came up for discussion. One of them was a community-wide Clean-Up, Paint-Up, Fix-Up campaign. Weldon Johnson, the Santa Fe Railway agent, was appointed chairman of a committee to make plans for the event. I think this is a project which deserves the whole-hearted support of everyone in Hamlin. Community projects like this help to make Hamlin a better place in which to live. Let's all get behind Weldon and his committee and make this project a success!

Pick-a-Phone . . .

"Sure be nice when the spring flowers start blooming," a fellow down the block said the other day. "Just looking at their colors makes me feel good."

"Say," I said, "since you like color so much, I have a suggestion."

"What's that?" he asked.

"A color phone. You have a wide choice—red, white, green—nine altogether." Almost as an after-thought I added, "You can pick your phone from . . . a garden of colors!"

That did it. "Now you're talking my language," said my garden-loving friend. He chuckled. "Colors of the garden in my house with color phones. Think I'll get one—maybe even two."

Why don't you do as he did? Treat yourself to color phones.

It's Smart to Look Up Number

The best way to learn and remember something is to look it up. . . . That's what a teacher told me years ago when I asked how to spell a word.

It was good advice then. It's good advice now. When you want to know a number, for instance, the best thing to do is look it up in the directory.

Incidentally, if you'd like a free Blue Book for keeping frequently called numbers, just phone the telephone business office.

Call by number. It's twice as fast.

WHIFF FOR SALE.

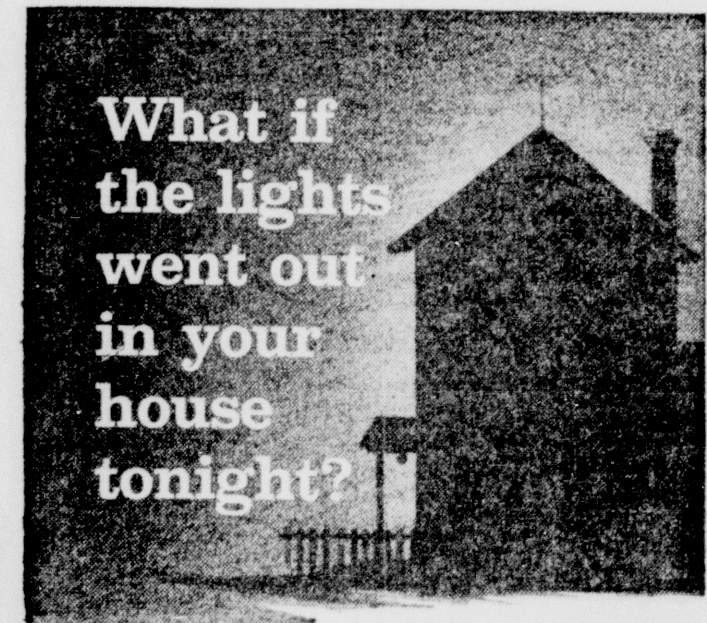

"This house," stated the real estate man, "has both good and bad points. To show I'm honest, I'm going to tell you about both. The disadvantages are that there is a distillery one block south and a slaughter house one block north."

"What are the advantages?" inquired the prospective buyer.

"You can always tell which way the wind is blowing."

The finest sermons are seen, not heard; they live in the lives of men and women.

IF YOU ARE THE PROUD OWNER OF A 4 EYED, 2 HORNED, PINK & PURPLE ETHYL EATER, WHEN YOU CAN OWN A STUDENBAKER-LARK AT 30 MPG-SEE BUKE-STAMFORD.

Well... while you were looking for a candle, or kerosene lamp, you'd have ample time to consider the many blessings electricity has brought. Because electricity is so vital to better living, the entire household would be affected.

Power failures are rare. But if an emergency should cause a temporary interruption in electric service, just stop and think for a moment of the marvelous contributions electricity has made.

The Electric Cooperatives of Texas brought this electricity to rural areas that no one else would serve. They offer a steady, dependable source of electric power for the home and for rural industry.

The member-owners of the Electric Cooperatives of Texas can point with pride to a better life, with Partnership Power For Progress.

SPRING COMES TO TEXAS—Spring comes early along the lower Texas coast. Here Rose Marie Beebe starts getting her 1960 summer tan on Padre Island.

4-H Boy and Vernon Ginner to Be Honored At State Ginners Meet

Bobby Kelly, Martin County 4-H Club member, and Aubrey L. Lockett, Vernon ginner and banker, will be singled out for special recognition during the Texas Cotton Ginners Association convention in Dallas, April 3 through 5, to be attended by several area ginners.

Kelly will receive the association award for excellence in cotton production. He was selected by the Extension Service as the state's outstanding 4-H cotton producer.

Lockett, a veteran of 40 years in the gin business, is Texas Ginner of the Year. He will receive the Horace Hayden memorial plaque. He owns four gins in West Texas, operates the Lockett Seed Company, and is active in all the major cotton industry organizations.

WEATHER REPORT.

A young GI was granted a 10-day leave for his honeymoon. On the eve of his last day, he wired his commanding officer: "It's wonderful here. Request an extension of my leave."

The commanding officer wired: "It's wonderful anywhere. Report back for duty."

Thomas Johnson, Retired Railroad Engineer, Passes

Another pioneer of the Hamlin community, Thomas E. Johnson, 73-year-old retired railroad engineer, succumbed early last Thursday at the Hamlin Memorial Hospital following a lingering illness of several months. He had been in the hospital about four weeks.

Born at Goldthwaite on November 12, 1886, he was the son of Mr. and Mrs. T. H. Johnson. He moved to the Hamlin community in 1904, before it actually became a town. He married the former Laura Emily Young at Hamlin in 1908. The pioneer had been employed by the Santa Fe Railway for 28 years before his retirement several years ago. He was a member of the First Methodist Church and the Brotherhood of Railroad Trainmen.

Funeral services were conducted Friday afternoon at 3:00 o'clock at the First Methodist Church. The pastor, Rev. Edmund W. Robb, officiated, assisted by Herb Smith, minister of the Hamlin Church of Christ.

Interment was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Richard Young Jr., Jack Willingham, Donald Young, Gerald Young, Bobby Crowley and Bill Smith.

Survivors include two sons, Harold Johnson of Indianapolis, Indiana and Arnold Johnson of Hamlin; four brothers, Wyley J. Johnson of Bloomington, California, Jarrett S. Johnson of Madisonville, Oklahoma, Ellis S. Johnson of Las Vegas, Nevada, and Aaron O. Johnson of Galveston; two sisters, Mrs. Cora L. Hill of Fort Worth and Mrs. Pearl Watkins of Sulphur Springs, Arkansas; and five grandchildren.

Openings Available Now in Naval Reserve

Abilene's Naval Reserve mobilization team wants men—but they will take women. In fact, one woman with secretarial experience already is on duty with the team there. She is Diantha Laverne Gayle, a WAVE in the Naval Reserve.

The mobilization team currently needs to fill a dozen rates, explains Lieutenant Sam Ferguson, supply officer.

Drills are held Wednesday at 7:30 p. m. at the Naval Reserve Training Center, 1941 South Third Street in Abilene. Reserve members of the team receive full day's pay for three-hour drill. Ferguson urged interested persons to contact the training center or call Ferguson at Hamlin.

Sixth Graders Barely Hold Lead of Closses on Honor Roll at Junior High

Sixth grade students, with 32 making the list, topped the grades making the honor roll for the fourth six-week period at Hamlin Junior High School, according to tabulations of the honor roll just released by Principal Marvin D. Carlton. Seventh graders were close behind with 31, and eighth graders had 30 honor students.

The complete honor roll, by grades, as released by Carlton follows:

Sixth Grade: All As—Ronnie Guthrie, Jan Albritton, Jimmy Hawkins, Glenda Hudspeth, Judy Jenkins, Jim Kincaid, Barty Sims, Cynthia Stephens, Sheila Stone, Pamela Austin and Mike Smith; A average—Patsy Sauls, Sandra Browning, Buddy McClung, Jane Ferguson, Tommy Ferguson, Gary Hester, Richard Johnston, Mike Rountree, Sherilyn Witt and Donald Embrey; B honor roll—Scotty Brown, Linda Legan, Freida Ford, Jimmy Stuart, Junie Jordan, Kay Hodnett, Rodger Bell, John Poe, Linda Helms, Lavonia Haught and Virginia Haught.

Seventh Grade: All As—Nancy Ford, George Smith, Elizabeth Cunningham, Jackie Townley, Linda Hallmark, Mary Margaret

Turner, Marolyn Reynolds, Mary Lois Patterson, Connie Jo Duncan, Paul Kim and Stanley Smith; A average—Johnny Overman, Larry Farnsworth, Pat Batchelor, Mary Ann Elkins, Holman Jones, Mike Shivers, Carolyn Reynolds, Rupert Compton and Rita Parks; B honor roll—Reha Law, Jan Feagan, Beverly Robertson, Cliff Sharer, Christy Wallace, Melba Scott, Joe Martin, John Priddy, Jeannette Green, Charles Prewitt and Allen Cumble.

Eighth Grade: All As—Marsha Goodgame, Kathleen Hallmark, Kay McCoy, Ronnie Sipe, Joyce Smith, Sue Johnson, Gary Ted Jay, Jesse Goolsby and Tommy Robertson; A average—Diane Bond, Candace Thompson, Lynn Ray Sturrock, Freddie Shave, Cheryl Brown, Shirley Farnsworth, Ronnie Teichelman and Clea Warner; B honor roll—Doyle Bell, Larry Butler, Cherry Criswell, Barbara Lakey, Phyllis Scarborough, Anna Cheryl Adams, Jaylon Fincannon, Jerry Cooper, David Bingham, Nick Moore, Jimmy Inzer, Cecil Price and Judy Fitzgerald.

Have character—don't be one.

Pied Pipers Dominate Honors At Second Relays Saturday

Several Records Fall as Athletes Really Get Going

With almost double the points of runner-up Comanche, the track and field boys of Hamlin High School easily dominated showing of eight schools of the area in the second annual Hamlin Relays staged Saturday at Hardin-Simmons University in Abilene.

Coach Jimmy Vaughan's Pied Pipers rolled up 163 points in Saturday festivities to Comanche's 82. Bringing up the field in the Class AA division were Ballinger, 56; Cisco, last year's champion, 52; Coleman, 45; Anson, 30; Winters, 24; and Haskell, 18.

Beard was the king-pin in the Class A and B section of the relays, piling up 151 points to runner-up Rotan's 106. Albany was third with 49, followed by Merkel with 46, and Lorraine with 16.

Hamlin's 440-yard relay quartet of Larry Upshaw, Ken Prewit, Tobe Shields and Sam Hodges circled the course in a record shattering 45.7 seconds, erasing the old mark by one-tenth of a second.

The Pipers' mile relay foursome composed of Shields, Victor Criswell, Prewit and David Bonds, also set a new record of three minutes 37.5 second.

To top Hamlin's showing, Robert Brandon and Mack Cade put up new records in the pole vault and high jump events. Brandon vaulted 10 feet 7 inches, and Cade

Red Cross Services Help Many Veterans

Assistance given to servicemen, veterans, their families and dependents, and other by Texas Red Cross chapters reporting during the past year reached a total of 50,505 cases, including many from Jones County.

Figures released this week in Dallas by James H. Bond and in San Antonio by Ray S. Erlanson, Red Cross national fund vice chairman for the state, show that 138 chapters reported assistance given through Home Service, local arm of a world-wide Red Cross organization serving the armed forces, veterans and their dependents.

TAKING CHANCE NOW.

Warden—"Is there anything in particular you'd like included in your last meal?"

Condemned Prisoner—"Yes—mushrooms. I've always been afraid to try them."

When parents don't mind that their children don't mind, the children don't.

scaled 5 feet 8 1/2 inches in the high jump.

Dwight Griggs was high pointer for the Pied Pipers with 24 points. Ken Prewit racked up 20, and Tobe Shields amassed 18 points.

OUTDOORS IN TEXAS

By Vern Sanford.

When is the best time to go fishing?

Best answer to that question is "Go any time you can!"

However, many anglers get scientific about this fishing business. They go by the "solunar table," for example.

As the name implies, the solunar table takes into consideration the relative positions of the sun and moon at the various hours of the day, and thereby "selects" the best time of day for fishing.

Most outdoorsmen will agree that positions of the sun and moon do have some effect on the behavior of wildlife. But that's about as much as they will agree on.

Some say that the waning moon is better for hunting—as well as fishing. Others declare the opposite is true.

However, anyone who has spent time in the open knows that animals, birds and fish are prompted at certain periods of the day or night to move around and seek food, exercise or amusement.

A "scientific" fisherman watches for such activity. When he sees an old cow get up from her nap under a shady tree and start walking around, or when a flight of birds suddenly comes wheeling by, or when the clear air is all at once filled with insects—he intensifies his fishing activity—for he knows the fish are active, too.

If you'd like to experiment, take the solunar table with you next time you go fishing, and observe whether at the specified time, you hear dogs barking, or see sheep arise and munch grass, or note mullet jumping.

When the outdoors creatures become active, at one of the solunar periods, you ought to be in business if you are in good fishing water and using the right method.

There's bound to be something to it or so many newspapers would not be publishing solunar tables. Actually, the solunar table is one of many guides to good fishing. You don't have to rely on it alone.

For example, some of the tackle manufacturer (Shakespeare in particular) will supply you with a calendar which shows the days of the month when fishing is like.

Golfers Invited to Sweetwater Meet April 29-30, May 1

Golfers of the Hamlin community are being invited to participate in Lake Sweetwater Municipal Golf Course's annual invitational golfing tournament, which is scheduled April 29, 30 and May 1, according to a report this week from Tom Anderson, Lake Sweetwater Golf Association vice president.

Qualifying for both the medalist and championship flights will be on April 29 with play in each of the flights the next two days. Jack Williams, the defending championship flight champion, is expected to enter the competition.

Anderson also announced that the annual pro-am tournament at the club is scheduled for June 2 with some well known professional golfers expected to compete. The course is in "good condition," he concluded.

Other officers of the association are: Al Aton, president; and D. L. Perry, secretary. Norman Supulver is the club pro.

Cotton Growers of Area Reminded of Importance of Releasing Unused Acres

Cotton growers of the Hamlin territory are reminded again of the importance of either using or releasing their cotton allotments this year in order to prevent reduced allotments for the county for future years.

According to R. G. Rowell, chairman of the Jones County Agricultural Stabilization and Conservation committee, the 1961 cotton allotment for a farm will be reduced if certain conditions are not met in 1960. So a farmer who knows that he will not plant at least 75 per cent of his farm's cotton allotment in 1960 can help himself and also other cotton farmers by releasing his allotment before the deadline April 8. This will assure him, as well as the county and state, of his acreage for future allotments.

Under a recent amendment to the law, the chairman explains, the 1960 allotment is required to be used as the farm's allotment

base in determining the 1961 cotton allotment if at least 75 per cent of the farm's 1960 allotment is planted or "regarded as planted." Otherwise, the base for determining a future allotment will be reduced to the average of (1) the regular Choice A allotment for the year, and (2) the acreage planted or "regarded as planted" in that year.

Acreage may be "regarded as planted" if it is released to the county ASC committee or if it is included under the conservation reserve or Great Plains program.

In order to fully protect the allotment base for the farm's 1961 and future cotton allotments, therefore, the farmer should (1) plant at least 75 per cent of the 1960 allotment to cotton; or (2) release at least 75 per cent of the allotment to the ASC committee; or (3) include at least 75 per cent of the allotment acres in the a total acreage equal to at least conservation reserve; or (4) use 75 per cent of the farm's 1960 cotton allotment in all of these three ways together.

Any cotton farmer in the county who now knows that his allotment will not be planted this year should visit the local ASC office immediately to discuss how the new provisions of the law will apply to his farm.

AT CREDIT COUNTER.
Customer—"Do you return money if an article isn't satisfactory?"
Clerk—"What do you wish to return?"
Customer—"A book. I didn't like the way it ended."

BOMBHELL WITNESS—Mrs. Golda Davis (right), a surprise witness who named dates, amounts and individuals she accused of taking protection pay-offs from her gambler husband, is shown with State Representative Tom James, Dallas lawyer, helping direct a Texas House committee probe of Amarillo crime conditions.

Three Area Churches Planning Joint Study For Week of Missions

Members of the Fairview Baptist Church will unite with the churches at Corinth and Hanna for the week of missions observance. A study course will be conducted each night, followed by a message by a missionary. Services will begin Sunday morning at Corinth, and Sunday night at Hanna. Then Monday night at Fairview, Tuesday night at Corinth, Wednesday night at Fairview, then the concluding service Thursday night, April 7, at Hanna.

Some good speakers are expected, say leaders of the churches, and all those attending will find it worth their time, besides receiving a spiritual blessing.

NOT EVIDENCE ENOUGH.
Stranger—"Say, I need help. Do you have a criminal lawyer in this town?"
Native—"Well, we're pretty sure we have, but we can't prove it."

National Director Says TB on Way to Total U. S. Eradication

Calling tuberculosis a "completely unnecessary scourge," Dr. James Perkins of New York City Saturday told 350 physicians and TB workers in Abilene that "We are now at the place where eradication of tuberculosis is an entirely possible goal in the United States." The talk took place at the annual meeting of the Texas Tuberculosis Association.

Dr. Perkins, managing director of the National Tuberculosis Association, brought the group the findings of experts who recently explored possibilities for complete TB control, which now is almost a reality in certain areas of the U. S.—the North Central and the Northwest. It is not true in Texas.

THREE LITTLE WORDS.
Teacher—"What three words are used most by students?"
Student—"I don't know."
Teacher—"Correct!"

A. J. French Makes Formal Statement About Candidacy

In making my formal announcement of candidacy for the office of tax assessor-collector of Jones County, I do so with the full understanding of the responsibilities and trust of the office, declares A. J. French. His announcement continues:

I was born in Ellis County, Texas, in 1918, and moved with my family to Jones County in 1919. We settled in the Tuxedo community and it is still my home.

I finished Stamford High School in 1936 and attended Draughon's Business College one year. I was employed as traveling auditor for a cotton oil company for two and one-half years before going into the service. I served four years and three months during World War II in the Navy. Being honorably discharged from the Navy, I have farmed in the Tuxedo community and worked as an auditor for the federal government, and as a bookkeeper for a local gin for two seasons.

I am married to the former Peggy Piwetz of Stamford, and we have two boys, three and four years of age. My family and I are members of the Central Presbyterian Church in Stamford. I am a member of the Veterans of Foreign Wars, and am interested in veteran affairs and the welfare needs of the local communities.

It will be my aim to see each one before the primary election on May 7. However, should I miss anyone, I would appreciate your taking this as a personal solicitation of your vote and influence.

If elected, I will always give prompt and courteous service, and will be ever mindful of the trust bestowed upon me.

Sometimes it's best that things go over our heads instead of getting under our skin.

Home Missions Film Featured at Fairview Church Family Night

Family night, a monthly affair, was held Wednesday evening, March 23, at Fairview Baptist Church, seven miles southeast of Hamlin. The Hanna Baptist Church was shipment from Dallas, the film "Western Frontiers," a home mission picture. Owing to a late shipment from Dallas, the film did not arrive, but Steve Ateek, Hardin-Simmons Baptist ministerial student, came to the rescue. He showed slides of his native land, Nazareth, Israel, and discussed the customs of his people, after which he played his accordion.

Refreshments were served, and a period of fellowship was enjoyed, then all gathered around the piano and enjoyed some good old fashioned gospel music, with Bro. Steve accompanying on his accordion.

Those coming from Hanna were Mr. and Mrs. J. B. Goodwin, Mr. and Mrs. Willie Holloway and children, Rev. and Mrs. Paul Tatum and children, Mr. and Mrs. Webster Beauchamp and sons, Mr. and Mrs. Billy DeBusk and children, Mary and Sandy Carter. Other visitors were Mr. and Mrs. Dee King, Mrs. Marvin Johnson and Bruce and Charlotte Burleson.

McMurry Man Speaks For First Methodists

Rev. Roy Shilling of McMurry College at Abilene, filled the pulpit Sunday morning at the First Methodist Church in the absence of the pastor, Rev. Edmund W. Robb, who was in a revival meeting at Anson.

Rev. Robb spoke at an early evening service at 5:45 p. m. Sunday.

One good thing about the advice that editors pass out is that nobody has to take it.

Hamlin Teachers Go To Freedoms Exhibit

Viola Avants, Mrs. Harvey Elkins, Mrs. Roy Hennington, Mrs. Joe Norton and Mrs. Fred Smith of Hamlin Primary Schools last Thursday evening visited the exhibits of the prize winning projects on American freedom from schools all over the nation from the Freedom Foundation of Valley Forge, Pennsylvania, at the Bennett gymnasium at Abilene Christian College.

The Hamlin teachers also were guests of the college in the ACC cafeteria Thursday evening.

Many a housewife spends two hours a day telling her neighbor she doesn't have enough time to do her house work.

Social Security Man Slates Visits to City

Look to your neighbors for friendship but not for information about social security, declares R. R. Tuley, manager of the Abilene district office of the Social Security Administration.

Tuley says that a representative of the office will be at various points in the area during the next three months to answer questions about social security and otherwise give assistance with claims, etc. A representative will be at the Hamlin fire station on April 29, May 27 and June 24 at 10:00 o'clock a. m.

If a democracy is to succeed, the minority must accept the decision of the majority.

Patrolmen Positions Deadline Approches

Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, this week reminded young Texans that April 1 is the deadline for applying for patrolmen positions now open in the department.

Examinations will be given to young men between 21 and 35 years of age at locations throughout the state during the month of April. More details may be obtained by writing to the Texas DPS, Box 4087, North Austin Station, Austin, Texas.

Census Advance Questionnaires Being Delivered Now in Hamlin Territory

Many people of the Hamlin territory during the past several days have been receiving advance questionnaires for the 1960 census as the mailmen have started the task of putting the forms in the hands of residents all over the land.

Sixty million copies of the four-page form have been delivered to 35,000 post offices. The Census Bureau is paying the post office department about two cents to

Mrs. Simpkins, 79, Passes Tuesday at Hamlin Hospital

Mrs. Martha C. (Acklin) Simpkins, 79-year-old mother of I. D. Acklin of Hamlin, died last Tuesday afternoon at Hamlin Memorial Hospital following a two-month illness of cancer. She had been in the hospital for 17 days.

Born March 5, 1881, in Arkansas, she was the daughter of Mr. and Mrs. J. H. Hickman. She married Ike D. Acklin in Ellis County, on October 16, 1898. He preceded her in death in 1924. She married Robert Simpkins at Hamlin in 1954.

Funeral services were conducted Wednesday afternoon at 3:00 o'clock at the Hamlin Church of Christ. Officiating were Herb Smith, minister of the local church, and Dale King of Stamford.

Burial was in the Anson Cemetery under the direction of Hamlin Funeral Home. Pallbearers were grandsons of the pioneer.

Survivors include the husband, Robert Simpkins of Hamlin; two sons, C. F. Acklin of Amarillo and Ike D. Acklin Jr. of Hamlin; seven daughters, Mrs. Nettie Blanton of Lubbock, Mrs. Margaret Skipper of Graham, Mrs. Alma Crawford of Delora, California, Mrs. Agnes Wilson and Mrs. Emilie Turner of Irving, Mrs. Grady Gough, and Mrs. Helen Patton of Oklahoma City, Oklahoma; three brothers, Green Hickman of Cedar Hill and Wesley and Judge Hickman; two sisters, Dora Stricklin and Mrs. Lula Dawson of Hobart, Oklahoma; 46 grandchildren, 53 great-grandchildren and two great-great-grandchildren.

JULE THOMAS, training specialist and staff member of the University of Texas, will conduct courses in public relations for owners, managers and employees of retail and service organizations Monday through Thursday at the high school auditorium.

Theater Executive Tells Lions Censor Job is for Parents

Censorship of motion pictures for young people is in most part the responsibility of parents, just as it is their responsibility over what their children read, declared Truman Riley of Abilene, manager for the Interstate Theaters in that city, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

Referring to so-called "filth" pictures with which the industry sometimes is labeled, he said, like books and magazines, the motion picture people made pictures to supply the public's demand.

Riley outlined the trials and tribulations of the movie industry, especially from the theater man's standpoint. He referred to federal regulations that were hurtful not only to the movie theater but to the producer and distributor that had been responsible for the let-up in production of better pictures several years ago. He declared that the industry now is in better shape than it was 10 and five years ago, and that top-notch pictures are again being produced in many areas.

The said a healthy theater is a great asset to a community, contributing to the business of practically all other businesses.

President Donley Williams of the Lions Club said April 19 has been set for a ladies' night program for the club.

Besides Riley, other guests at the Tuesday luncheon were B. T. Shepherd, who is a transfer Lion from the Rio Grande Valley, and Rev. Lenard A. Hartley, pastor of the First Baptist Church.

Clinic on Silage and Feeding Set April 11

Silage production and feeding meeting for farmers of the area will be held in the Jones County agent's office Monday evening, April 11, at 7:30 o'clock, according to Kirby Clayton, agent.

Paul Marion, superintendent of the Texas Agricultural Experiment Station at Spur, will be on hand to give the latest information on silage production, feeding, varieties and many other management practices. All livestock producers are urged to attend.

Sylvester, Newman Exes Set Homecoming Saturday, April 16

Plans are well underway for the first annual homecoming for ex-students and teachers of Newman and Sylvester schools, scheduled to be staged at the American Legion building in Sylvester on Saturday, April 16, according to leaders of the homecoming.

Festivities of the day will begin with registration at 9:00 a. m. Visiting by classmates and others will continue until noon, when a dinner will be served in the Legion hall by members of the Legion and ladies' auxiliary. Plates are \$1.25 for adults and 75 cents for children.

At 2:00 p. m. there will be a short business meeting.

Officials of the ex-student group declare if any exes have failed to receive a card and invitation to the get-together to please drop a card to the homecoming committee at Sylvester, stating how many plan to attend.

Probable All-Time Attendance Set by City Sunday Schools

Total Sunday School attendance at the 12 reporting Hamlin churches Sunday climbed to a probable all-time high when 1,520 were recorded. This was 179 more than the previous Sunday and 14 more than last year's 1,506.

Attendance, by churches, for March 27, March 20 and a year ago follows:

Churches—	Mar. 27	Mar. 20	Year Ago
Church of Christ.....	144	151	172

Mexican Baptist.....	34	37	54
Totals.....	1520	1341	1506

Many of Area to Go to Jones County Singing

Many singers and song lovers of the Hamlin area will be among scores who will attend the sixtieth Jones County singing convention at Anson city auditorium Sunday.

Among featured singers to appear on the day-long program will be the Cavaliers from Fort Worth, the Gospelaires from Abilene and others.

Gayle Baze of Tuxedo is president of the convention, Fred Bennett of Anson is vice president, and Larry Holmes of Anson is secretary-treasurer.

First Methodists Vote To Buy Lots to North

The official board of the First Methodist Church, in a called session last Wednesday, voted to purchase the balance of the half-block north of the present church property, according to the pastor, Rev. Edmund W. Robb.

The congregation for several months, has been talking construction of a new auditorium. The church owns property north of the high school football stadium, but expansion of the property on the present site on Southwest Avenue A is now being contemplated, say church leaders.

The parsonage and two other residences now occupy the area on the block north of the church.

Hamlin to Observe Industrial Week With Local Salute

Recognition next week during Texas Industrial Week by Hamlin civic groups and others of industries of the community is being planned by officials of the Hamlin Board of Community Development.

On the eve of the week, proclaimed by Governor Price Daniel for April 1 to 7, Newberry reviewed the vital role which the several industries of the area play in the economy of the community.

"Several hundred people of this vicinity are given employment by the industries operating hereabouts," Newberry said, "and we owe much to these industries' impact on our well-being."

"Besides the sizeable pay-rolls provided by these industries, they further pay thousands of dollars in taxes that support our state, county and city governments and provide invaluable assistance to our schools."

Displays at the recent annual BCD banquet highlighted the role of industry in the community's economy, offering recognition and a salute to the concerns.

Broadway Musical to Open Texas State Fair

"Flower Drum Song," the latest Rodgers and Hammerstein Broadway musical hit show, will be presented at Dallas during the 1960 State Fair of Texas as the major theatrical highlight of the fair's diamond jubilee exposition in October.

The elaborate musical about the San Francisco Chinatown will open in State Fair Music Hall Friday evening, October 7, the night before the official opening of the 1960 State Fair of Texas.

Public Relations Business Course To Open Monday

Art of building good public relations in business organizations is the subject of a course entitled "Public Relations," to be taught in Hamlin beginning Monday and continuing through Thursday.

Jule Thomas, training specialist and staff member of University of Texas, will conduct the courses for owners, managers and employees of retail, wholesale and service organizations in the city, according to B. V. Newberry, president of the Board of Community Development.

The four-day training program is being sponsored jointly by the BCD, distributive education, the University of Texas, division of extension, and the Texas Education Agency. Meetings are scheduled each evening Monday through Thursday, beginning April 4 at 7:30 p. m. in the high school auditorium.

Subject matter to be covered in the "Public Relations" course includes an explanation of public relations, comments on how others see you, good speech, getting along with people, and why people behave as they do, plus discussions of various public relations situations.

Enrollment in the course is open to anyone employed in retail, wholesale or service occupations. A small registration fee is the only charge. Additional information may be obtained by contacting Manager O. D. Roland at the BCD office, phone 287.

CLASSIC EXAMPLE.
Son—"What is a rare volume?"
Father—"It's a book that's returned to you by the person who borrowed it."
